APPLICATION INSTRUCTIONS

GENERAL INSTRUCTIONS

To receive the initial 67 percent of the State's allocation under the State Fiscal Stabilization Fund (Stabilization) program, a Governor must submit to the Department an application that provides the following information:

- A completed application cover sheet. (*Part 1 of the Application*)
- Assurances that the State will commit to advancing education reform in four specific areas:
 - (1) Achieving equity in teacher distribution;
 - (2) Improving collection and use of data;
 - (3) Enhancing the quality of standards and assessments; and
 - (4) Supporting struggling schools. (*Part 2 of the Application*)
- Confirmation that the initial baseline data identified in Appendix B of the application is acceptable for purposes of demonstrating the State's current status in each of the four education reform areas for which the State provides assurances, or submission of alternative initial baseline data. (*Part 3 of the Application*)
- The following maintenance-of-effort (MOE) information:
 - (1) An assurance that the State will comply with the Stabilization program MOE requirements;
 - (2) If applicable, an assurance that the State meets or will meet the eligibility criterion for a waiver of those requirements; and
 - (3) MOE baseline data. (*Part 4 of the Application*)
- A description of how the State intends to use the funds allocated under:
 - (1) The Education Stabilization Fund – CFDA No. 84.394; and
 - (2) The Government Services Fund – CFDA No. 84.397. (*Part 5 of the Application*)
- Accountability, transparency, and reporting assurances. (*Part 6 of the Application*)
- Other assurances and certifications. (*Part 7 of the Application*)

PART 2, SECTION A: EDUCATION REFORM ASSURANCES

The Governor or his/her authorized representative assures the following:

- (1) The State will take actions to improve teacher effectiveness and comply with section 1111(b)(8)(C) of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 6311(b)(8)(C)) in order to address inequities in the distribution of highly qualified teachers between high- and low-poverty schools, and to ensure that low-income and minority children are not taught at higher rates than other children by inexperienced, unqualified, or out-of-field teachers. (*Achieving Equity in Teacher Distribution Assurance*)
- (2) The State will establish a longitudinal data system that includes the elements described in section 6401(e)(2)(D) of the America COMPETES Act (20 U.S.C. 9871(e)(2)(D)). (*Improving Collection and Use of Data Assurance*)
- (3) The State will –
 - (3.1) Enhance the quality of the academic assessments it administers pursuant to section 1111(b)(3) of the ESEA (20 U.S.C. 6311(b)(3)) through activities such as those described in section 6112(a) of the ESEA (20 U.S.C. 7301a(a)); (*Improving Assessments Assurance*)
 - (3.2) Comply with the requirements of paragraphs (3)(C)(ix) and (6) of section 1111(b) of the ESEA (20 U.S.C. 6311(b)) and section 612(a)(16) of the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1412(a)(16)) related to the inclusion of children with disabilities and limited English proficient students in State assessments, the development of valid and reliable assessments for those students, and the provision of accommodations that enable their participation in State assessments; (*Inclusion Assurance*) and
 - (3.3) Take steps to improve State academic content standards and student academic achievement standards consistent with section 6401(e)(1)(A)(ii) of the America COMPETES Act. (*Improving Standards Assurance*)
- (4) The State will ensure compliance with the requirements of section 1116(b)(7)(C)(iv) and section 1116(b)(8)(B) of the ESEA with respect to schools identified under these sections. (*Supporting Struggling Schools Assurance*)

PART 2, SECTION B: EDUCATION REFORM ASSURANCES DATA

SPECIAL NOTES:

- In this portion of the application, please describe the State’s current status for each indicator or descriptor in the State’s Phase 2 SFSF application by completing the chart below and choosing a response for each pull down menu.
- If the State has met the reporting requirement(s) for each indicator or descriptor, please change the “Progress” column to “Completed” and provide the URL where the information can be found.
- If the State has not met the reporting requirement(s) for each indicator or descriptor, please specify the current status in the “Progress” column. Additionally, the State should update the URL(s) and/or State Plan(s) to reflect the most recent versions. (If the State cannot provide the State Plan through a URL, please attach the update plan to the end of this section).

PART 3: INITIAL BASELINE DATA FOR EDUCATION REFORM ASSURANCES

SPECIAL NOTES:

- In completing this portion of the application, please refer to Appendix B – Instructions for Part 3: Initial Baseline Data for Education Reform Assurances.
- The data described in Appendix B for two of the education reform assurances in Part 2 of the application – the Improving Assessments Assurance and the Improving Standards Assurance – are the most current available baseline data for these areas. Thus, the Department is not inviting States to submit additional information with respect to these two assurances.
- The Governor or his/her authorized representative should confirm whether the initial baseline data sources described in Appendix B for the four assurances referenced below – Achieving Equity in Teacher Distribution; Improving Collection and Use of Data; Improving State Academic Content and Student Achievement Standards; and Supporting Struggling Schools – reflect the State’s current status with respect to these assurances. A State that confirms the use of these initial baseline data sources does not have to submit additional baseline data with this application. If a State elects not to use the identified data sources for one or more of these four assurances, it must submit other initial baseline data for that assurance.

The Governor or his/her authorized representative confirms that the data sources that are currently available to the Department and described in Appendix B are a reasonable reflection of the current status of the State with respect to the following education reform assurances that he/she provided in Part 2 of the Application (*check only those assurances for which the State accepts the data described in Appendix B*):

- Achieving Equity in Teacher Distribution Assurance.
- Improving Collection and Use of Data Assurance.
- Improving Standards Assurance.
- Supporting Struggling Schools Assurance.

PART 4, SECTION A: MAINTENANCE-OF-EFFORT (MOE) ASSURANCE

SPECIAL NOTES:

- In completing Part 4 of the application, please refer to Appendix C – Instructions for Part 4: Maintenance of Effort.
- The Governor or his/her authorized representative should check only those MOE requirements that he or she anticipates the State will meet. If the Governor or his/her authorized representative anticipates that the State will be unable to meet one or more of the requirements, he or she must sign the additional waiver assurance in Part 4, Section B.
- For the purpose of determining MOE, State support for public institutions of higher education (IHEs) must not include support for capital projects or for research and development or tuition and fees paid by students.

The Governor or his/her authorized representative assures the following (*check appropriate assurances that apply*):

- In FY 2009, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.
- In FY 2010, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.
- In FY 2011, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.
- In FY 2009, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.
- In FY 2010, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.
- In FY 2011, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.

---OR---

To the best of his/her knowledge and based on the best available data, the State will be unable to meet any of the above-referenced maintenance-of-effort requirements.

PART 4, SECTION B: MAINTENANCE-OF-EFFORT WAIVER ASSURANCE

SPECIAL NOTES:

- If a State anticipates that it will be unable to comply with one or more of the Stabilization program MOE requirements referenced in Part 4, Section A of the application, the State must provide the assurance below.
- States that anticipate meeting all of the Stabilization program MOE requirements should not complete the waiver assurance in this section of the application. *See* Appendix C – Instructions for Part 4: Maintenance of Effort. The criterion for a waiver of the MOE requirements is provided in Appendix C.
- The Department will be providing additional guidance to States regarding the process for applying for waivers of the Stabilization program MOE requirements.

The Governor or his/her authorized representative assures the following:

To the best of his/her knowledge and based on the best available data, the State meets or will meet the eligibility criterion for a MOE waiver for each of the Stabilization program MOE requirements that the Governor or his/her authorized representative anticipates the State will be unable to meet.

PART 4, SECTION C: MAINTENANCE-OF-EFFORT BASELINE DATA

SPECIAL NOTES:

- A State has some flexibility in determining the “levels of State support” for MOE purposes. For example, for the purpose of the elementary and secondary education MOE requirements, a State may use the level of support that the State provides through its primary elementary and secondary funding formulae, or it may use other relevant data. *See Appendix C – Instructions for Part 4: Maintenance of Effort.*

1. Levels of State support for elementary and secondary education (*the amounts may reflect the levels of State support on either an aggregate basis or a per-student basis*):

FY 2006	\$ 962,976,995
FY 2009*	\$ 1,109,754,777
FY 2010*	\$ 1,093,899,745
FY 2011*	\$ 1,092,228,488

(* Provide data to the extent that data are currently available.)

2. Levels of State support for public institutions of higher education (*enter amounts for each year*):

FY 2006	\$ 65,102,571
FY 2009*	\$ 69,280,865
FY 2010*	\$ 69,280,866
FY 2011*	\$ 69,280,866

(* Provide data to the extent that data are currently available.)

Information on File with the U.S. Department of Education – No Further Action Necessary

3. Additional Submission Requirements: In an attachment to the application –

- (a) Identify and describe the data sources used in determining the levels of State support for elementary and secondary education; - and -
- (b) Identify and describe the data sources used in determining the levels of State support for public IHEs.

PART 5, SECTION A: STATE USES OF THE EDUCATION STABILIZATION FUND

SPECIAL NOTES:

- Section A of Part 5 requests data on the Education Stabilization Fund (CFDA No. 84.394). In completing this portion of the application, please refer to Appendix D – Instructions for Part 5: State Uses of Funds.
- At a later date, the Department will collect data on the levels of State support for elementary, secondary, and postsecondary education in FY 2011.
- These data may differ from the data in the levels of support for maintenance-of-effort purposes. See instructions in Appendix D.
- The term “postsecondary education” refers to public IHEs.

1. Levels of State Support for Elementary, Secondary, and Postsecondary Education

Provide the following data on the levels of State support for elementary, secondary, and postsecondary education:

(a) Level of State support for elementary and secondary education in FY 2008 provided through the State’s primary elementary and secondary education funding formulae	\$ 1,056,563,162
(b) Level of State support for public IHEs in FY 2008	\$ 67,493,526
(c) Level of State support for elementary and secondary education in FY 2009 provided through the State’s primary elementary and secondary education funding formulae	\$ 1,109,754,777
(d) Level of State support for public IHEs in FY 2009	\$ 69,280,865
(e) Level of State support for elementary and secondary education in FY 2010 provided through the State’s primary elementary and secondary education funding formulae	\$ 1,093,899,745
(f) Level of State support for public IHEs in FY 2010	\$ 69,280,866
(g) Level of State support for elementary and secondary education in FY 2011 provided through the State’s primary elementary and secondary education funding formulae	\$ 1,092,228,488
(h) Level of State support for public IHEs in FY 2011	\$ 69,280,866

Additional Information: Did the State, prior to October 1, 2008, approve formula increases to support elementary and secondary education in FY 2010 or 2011, or to phase in State equity and adequacy adjustments?*

Yes

~~No~~

* See Appendix D Worksheets for further guidance on how such increases affect a State's "use of funds" calculations.

2. State's Primary Education Funding Formulae

Information on File with the U.S. Department of Education – No Further Action Necessary

Additional Submission Requirement: In an attachment to the application, identify and describe each of the State's primary elementary and secondary education funding formulae that were used in determining the calculations provided above for the levels of State support for elementary and secondary education.

3. Data on State Support for Postsecondary Education

Information on File with the U.S. Department of Education – No Further Action Necessary

Additional Submission Requirement: In an attachment to the application, identify and describe the specific State data sources that were used in determining the calculations provided above for the levels of State support for public IHEs.

4. Restoration Amounts

Based on the Worksheets included in Appendix D, calculate and provide the amount of Education Stabilization funds that the State will use to restore the levels of State support for elementary, secondary, and postsecondary education in FYs 2009, 2010 and 2011. As explained in the Instructions in Appendix D, a State must determine the amount of funds needed to restore fully the levels of State support for elementary, secondary, and postsecondary education in FY 2009 before determining the amount of funds available to restore the levels of such support in FY 2010.

SPECIAL NOTES:

- The calculations for these data must be based on the State’s total Education Stabilization Fund allocation as reflected in Appendix A and not on the State’s initial Education Stabilization Fund award.
- Although the State must follow the Instructions in Appendix D, in order to determine the amount of funds that LEAs and IHEs will receive under the program (i.e., the “restoration amounts”), the Governor has discretion in determining when to release these funds to LEAs and IHEs.

(a) Amount of the State’s total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2009	\$ 0
(b) Amount of the State’s total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2009	\$ 0
(c) Amount of the State’s total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2010	\$ 38,575,036
(d) Amount of the State’s total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2010	\$ 0
(e) Amount of the State’s total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2011	\$ 38,575,035
(f) Amount of the State’s total Education Stabilization Fund allocation to be used to restore the level of State support for public IHEs in FY 2011	\$ 0
(g) Amount of remaining funds, if any, awarded as subgrants to LEAs based on their proportionate shares of funding under Part A of Title I of the ESEA	\$ 0

5. Process for Awarding Funds to Public IHEs

Information on File with the U.S. Department of Education – No Further Action Necessary

Additional Submission Requirement: In an attachment to the application, describe the process that the State will use to determine the amount of funding that individual public IHEs will receive from the funds that the State sets aside to restore the levels of State support for these institutions.

**PART 5, SECTION B: STATE USES OF THE
GOVERNMENT SERVICES FUND**

SPECIAL NOTES:

- Section B of Part 5 requests data on the Government Services Fund (CFDA No. 84.397).
- In this section, provide preliminary estimates of the percentage of the Government Services Fund that the State intends to spend under various broad categories (to the extent such estimates are available). The total percentages in the chart should equal 100 percent.
- To the extent such estimates are available, the estimated percentages must be based on the State's total Government Services Fund allocation and not on the State's initial Government Services Fund award.

Uses of the Government Services Fund

Category	Dollar Amount - or - Percentage of Funds Allocated
Public Safety	89%
Elementary and secondary education (excluding modernization, renovation, or repair of public school facilities)	0%
Public IHEs (excluding modernization, renovation, or repair of IHEs)	0%
Modernization, renovation, or repair of public school facilities	0%
Modernization, renovation, or repair of IHEs	0%
Medicaid	0%
Public assistance	0%
Transportation	0%
Other (please describe) VEDA - 6%; VSJF - 1%; ACCD - 4%	11%
Undetermined	0%
TOTAL	100%

**PART 5, SECTION C: STATE USES OF STABILIZATION
FUNDS TO MAINTAIN FISCAL EFFORT**

SPECIAL NOTES:

- Under section 14012(d) of ARRA, a State may treat any portion of Stabilization funds used for elementary, secondary or postsecondary education as non-Federal funds for the purpose of any requirements to maintain fiscal effort under any other program administered by the Department.
- For FY 2009 and FY 2010, please provide the amount of Stabilization funds that the State used to meet maintenance of effort requirements under the ESEA and IDEA.
- For FY 2011, please provide the amount of Stabilization funds that the State intends to use to to meet maintenance of effort requirements under the ESEA and IDEA.

Fiscal Year	Title I	IDEA	Other ESEA Programs (Please Specify the program)
FY 2009	\$ 0	\$ 0	na
FY 2010	\$ 0	\$ 0	na
FY 2011	\$ 0	\$ 0	na
Total	\$ 0	\$ 0	na

PART 6: ACCOUNTABILITY, TRANSPARENCY, AND REPORTING ASSURANCES

The Governor or his/her authorized representative assures that the State will comply with all of the accountability, transparency, and reporting requirements that apply to the Stabilization program, including the following:

- For each year of the program, the State will submit a report to the Secretary, at such time and in such manner as the Secretary may require, that describes:
 - the uses of funds within the State;
 - how the State distributed the funds it received;
 - the number of jobs that the Governor estimates were saved or created with the funds;
 - tax increases that the Governor estimates were averted because of the funds;
 - the State’s progress in reducing inequities in the distribution of highly qualified teachers, implementing a State longitudinal data system, and developing and implementing valid and reliable assessments for limited English proficient students and children with disabilities;
 - the tuition and fee increases for in-State students imposed by public IHEs and a description of any actions taken by the State to limit the increases;
 - the extent to which public IHEs maintained, increased, or decreased enrollment of in-State students, including those students eligible for Pell Grants or other need-based financial aid; and
 - a description of each modernization, renovation or repair project funded, including the amounts awarded and project costs. (ARRA Division A, Section 14008)
- The State will cooperate with any Comptroller General evaluation of the uses of funds and the impact of funding on the progress made toward closing achievement gaps. (ARRA Division A, Section 14009)
- If the State uses funds for any infrastructure investment, the State will certify that the investment received the full review and vetting required by law and that the chief executive accepts responsibility that the investment is an appropriate use of taxpayer funds. This certification will include a description of the investment, the estimated total cost, and the amount of covered funds to be used. The certification will be posted on the State’s website and linked to www.Recovery.gov. A State or local agency may not use funds under the ARRA for infrastructure investment funding unless this certification is made and posted. (ARRA Division A, Section 1511)
- The State will submit reports, within 10 days after the end of each calendar quarter, that contain the information required under section 1512(c) of the ARRA in accordance with any guidance issued by Office of Management and Budget or the Department. (ARRA Division A, Section 1512(c))
- The State will cooperate with any Inspector General examination of records under the program. (ARRA Division A, Section 1515)

PART 7: OTHER ASSURANCES AND CERTIFICATIONS

The Governor or his/her authorized representative assures or certifies the following:

- The State will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders and regulations.
- With respect to the certification regarding lobbying in Department Form 80-0013, no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making or renewal of Federal grants under this program; the State will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," when required (34 C.F.R. Part 82, Appendix B); and the State will require the full certification, as set forth in 34 C.F.R. Part 82, Appendix A, in the award documents for all subawards at all tiers.
- The State will comply with all of the operational and administrative provisions in Title XV and XIV of the ARRA, including Buy American Requirements (ARRA Division A, Section 1605), Wage Rate Requirements (ARRA Division A, Section 1606), and any applicable environmental impact requirements of the National Environmental Policy Act of 1970 (NEPA), as amended, (42 U.S.C. 4371 *et seq.*) (ARRA Division A, Section 1609). In using ARRA funds for infrastructure investment recipients will comply with the requirement regarding Preferences for Quick Start Activities (ARRA Division A, Section 1602).
- Any LEA receiving funding under this program will have on file with the State a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e).
- To the extent applicable, an LEA will include in its local application a description of how the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede access to, or participation in, the program.

- The State and other entities will comply with the following provisions of Education Department General Administrative Regulations (EDGAR), as applicable: 34 CFR Part 74 -- Administration of Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations; 34 CFR Part 76 -- State-Administered Programs, including the construction requirements in section 75.600 through 75.617 that are incorporated by reference in section 76.600; 34 CFR Part 77 -- Definitions that Apply to Department Regulations; 34 CFR Part 80 -- Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, including the procurement provisions; 34 CFR Part 81 -- General Education Provisions Act—Enforcement; 34 CFR Part 82 -- New Restrictions on Lobbying; 34 CFR Part 85 -- Governmentwide Debarment and Suspension (Nonprocurement).

APPENDIX B

INSTRUCTIONS FOR PART 3: INITIAL BASELINE DATA FOR EDUCATION REFORM ASSURANCES

Background

Section 14005(b)(2) of the ARRA requires States to submit baseline data demonstrating their current status in the following areas:

1. Achieving equity in teacher distribution;
2. Improving the collection and use of data;
3. Regarding standards and assessments –
 - 3.1 Enhancing the quality of academic assessments
 - 3.2 Including children with disabilities and limited English proficient students; and
 - 3.3 Improving State academic content and student achievement standards; and
4. Supporting struggling schools.

The Department currently has data demonstrating a State's status in each of the assurance areas referenced above. A description of the data is provided below.

The data described below are the most current available data on the States' status for two of these areas – enhancing the quality of academic assessments and inclusion of children with disabilities and limited English proficient students in State assessments. Thus, the Department is not inviting States to submit additional information with respect to paragraphs 1 and 2 of the Standards and Assessment Assurances provided in Part 2 of the application. If the Department changes a State's status for its assessment system, the Department will use the updated status as the State's initial baseline in these two areas.

For four of these areas – achieving equity in teacher distribution; improving collection and use of data; improving State academic content and student achievement standards; and supporting struggling schools – a State may confirm in Part 3 of its application the use of the data described below as its initial baseline for these areas, or provide other data that more accurately reflect its current status in these areas.

In the near future, the Department intends to publish in the Federal Register for public comment a notice describing the additional baseline data that the Department proposes to require States to submit as part of the phase two application.

For Part 3 of the application, the State will confirm that the Department may use the available data described below as the State's baseline data for achieving equity in teacher distribution; improving the collection and use of data; improving State academic content and student achievement standards; and supporting struggling schools; or submit as an attachment to its application other data that more accurately reflect its status.

Initial Baseline Data

1. Achieving Equity in Teacher Distribution

A State must provide baseline data that demonstrate its current status regarding “tak[ing] actions to improve teacher effectiveness and comply with section 1111(b)(8)(C) of the ESEA (20 U.S.C. 6311(b)(8)(C)) in order to address inequities in the distribution of highly qualified teachers between high- and low-poverty schools, and to ensure that low-income and minority children are not taught at higher rates than other children by inexperienced, unqualified, or out-of-field teachers.”

Available Data for the Initial Baseline

As part of the annual Consolidated State Performance Report (CSPR), each State provides data on the number and percentage of core academic courses that are taught by highly qualified teachers in high- and low-poverty schools. (See <http://www.ed.gov/admins/lead/account/consolidated/sy06-07part1/index.html>.) The Department will use data from the most recent CSPR to establish a State’s initial baseline for achieving equity in teacher distribution.

2. Improving Collection and Use of Data

A State must provide baseline data that demonstrate its current status regarding “establish[ing] a longitudinal data system that includes the elements described in section 6401(e)(2)(D) of the America COMPETES Act (20 U.S.C. 9871).”

Available Data for the Initial Baseline

In September 2008, the Data Quality Campaign and the National Center for Education Achievement conducted a survey that assessed the status of State educational data systems. (See <http://www.dataqualitycampaign.org>.) The survey identified ten essential elements of a longitudinal data system. Five of the elements are aligned with the five statutory elements in the America COMPETES Act for “Preschool through grade 12 and postsecondary education” (20 U.S.C. 9871(e)(2)(D)(i)), and the remaining five elements are aligned with the five statutory elements for “Preschool through grade 12 education.” (20 U.S.C. 9871(e)(2)(D)(ii)) The Department will use the results of the survey to establish a State’s initial baseline for improving the collection and use of data.

3. Standards and Assessments

3-1. Standards and Assessments: Enhancing the Quality of Academic Assessments

A State must provide baseline data that demonstrate its current status regarding “enhanc[ing] the quality of the academic assessments it administers pursuant to section 1111(b)(3) of the ESEA (20 U.S.C. 6311(b)(3)) through activities such as those described in section 6112(a) of [the ESEA] (20 U.S.C. 7301a(a)).”

Available Data for the Initial Baseline

In January and February 2009, the Department sent letters to States that contained detailed information on specific components of their assessments and accountability systems. (See <http://www.ed.gov/admins/lead/account/cornerstones/index.html>.) The State-specific attachments to those letters and the State assessment approval status as reflected in the State Information Chart at <http://www.ed.gov/policy/elsec/guid/stateletters/ssc.xls> identify each State’s current baseline for the status of its assessments. As noted above, if the Department changes a State’s status for its assessment system, the Department will consider the updated status as the State’s initial baseline in this area.

3-2. Standards and Assessments: Inclusion of Children with Disabilities and Limited English Proficient Students

A State must provide baseline data that demonstrate its current status regarding “comply[ing] with the requirements of paragraphs (3)(C)(ix) and (6) of section 1111(b) of the ESEA (20 U.S.C. 6311(b)) and section 612(a)(16) of the IDEA (20 U.S.C. 1412(a)(16)) related to the inclusion of children with disabilities and limited English proficient students in State assessments, the development of valid and reliable assessments for those students, and the provision of accommodations that enable their participation in State assessments.”

Available Data for the Initial Baseline

The Department will use the information in the State-specific letters referenced above (see <http://www.ed.gov/admins/lead/account/cornerstones/index.html>) and the State Information Chart at <http://www.ed.gov/policy/elsec/guid/stateletters/ssc.xls> as the State’s current status related to the inclusion of children with disabilities and limited English proficient students in State assessments, the validity and reliability of the assessments for such children, and the provision of accommodations. If the Department changes a State’s status for its assessment system, the Department will consider the updated status as the State’s initial baseline in this area.

3-3. Standards and Assessments: Improving State Academic Content and Student Achievement Standards

A State must provide baseline data that demonstrate its current status regarding “taking steps to improve State academic content standards and student academic achievement standards consistent with section 6401(e)(1)(A)(ii) of the America COMPETES Act.”

Available Data for the Initial Baseline

The Department will use Achieve’s 2009 report on “*Closing the Expectations Gap*” to establish this initial baseline. (See <http://www.achieve.org/closingtheexpectationsgap2009>.) The report, based on a survey of States, provides information on State efforts to align their standards, graduation requirements, assessments, and accountability system with college and career expectations.

4. Supporting Struggling Schools

A State must provide baseline data that demonstrate its current status regarding “ensur[ing] compliance [by LEAs] with the requirements of sections 1116(b)(7)(C)(iv) and 1116(b)(8)(B) of the ESEA with respect to schools identified [for corrective action and restructuring].”

Available Data for the Initial Baseline

The Department currently has preliminary data in the CSPR on the number and names of schools in corrective action and restructuring for the 2008-09 school year (based on assessments in 2007-2008). (See <http://www.ed.gov/programs/statestabilization/applicant.html>.) As part of its application, a State may provide updated information on the numbers and names of schools in corrective action or restructuring, but is not required to do so.

APPENDIX C

INSTRUCTIONS FOR PART 4: MAINTENANCE OF EFFORT (MOE)

Background

Section 14005(d)(1) of the ARRA contains maintenance-of-effort (MOE) requirements that apply to the levels of State support for elementary and secondary education, as well as to the levels of State support for public institutions of higher education. The requirements are as follows:

Elementary and Secondary Education

In each of fiscal years (FYs) 2009, 2010, and 2011, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.

Public Institutions of Higher Education

In each of FYs 2009, 2010, and 2011, the State will maintain State support for public institutions of higher education (not including support for capital projects or for research and development or tuition and fees paid by students) at least at the level of such support in FY 2006.

Section 14012 of the ARRA authorizes the Secretary of Education to waive or modify these requirements if the following statutory criterion is met:

MOE Waiver Criterion

A State is eligible for a waiver of the elementary and secondary education MOE requirement or the higher education MOE requirement for a given fiscal year if the Secretary determines that the State will not provide for elementary, secondary, and public higher education, for the fiscal year under consideration, a smaller percentage of the total revenues available to the State than the percentage provided for such purpose in the preceding fiscal year.

The term “total revenues available to the State” as stated in the criterion means either (a) projected or actual total State revenues for education and other purposes for the relevant years *or* (b) projected or actual total State appropriations for education and other purposes for those years. The MOE waiver criterion applies to both waivers of the elementary and secondary education MOE requirements and the higher education MOE requirements.

Sections 14005(d)(1) and (b)(2) of the ARRA require each State to provide an assurance that it will comply with the MOE requirements and baseline data that demonstrates the State’s current status regarding maintenance of effort.

Special instructions for completing Part 4: Maintenance of Effort

Part 4 of the application is divided into three sections – Section A: Maintenance-of-Effort Assurances; Section B: Maintenance-of-Effort Waiver Assurance; and Section C: Maintenance-of-Effort Baseline Data.

- **Each State must complete Section A of Part 4.** In this section, the Governor or his/her authorized representative assures that the State will comply with the Stabilization program MOE requirements.
- A State must submit the additional MOE *waiver assurance* in Section B of Part 4 **only if** the State anticipates that it will be unable to meet the MOE requirements for one or more of the relevant fiscal years.
- **Each State must complete Section C of Part 4.** Here the State provides baseline MOE data.

The Department recognizes that, at this time, States do not have all of the data they need to make final MOE determinations, especially for future years. Thus, as part of the Stabilization program application, the Department is requiring only the submission of the MOE assurances (Part 4, Section A), the MOE waiver assurance (if applicable) (Part 4, Section B), and baseline MOE data (Part 4, Section C).

In the near future, the Department will provide States with additional MOE guidance and a streamlined MOE waiver application form.

Determining the level of State support for elementary and secondary education

A State determines its level of State support for elementary and secondary education for a given fiscal year in a manner that is consistent with its governing statutes and regulations. One example of how a State may choose to quantify its level of support for elementary and secondary education is to use the data that is included as “Revenue from State Sources” in the National Public Education Finance Survey (NPEFS). (See <http://nces.ed.gov/ccd/pdf/NPEFSmanual2004.pdf>.) This is a survey of States that is conducted annually by the National Center for Education Statistics. NPEFS identifies four types of State support for LEAs:

- Unrestricted Grants-in-Aid: State grants to local education agencies (LEAs) that can be used, without restriction, for any legal purpose desired by the LEA;
- Restricted Grants-in-Aid: State grants to an LEA that must be used for a "categorical" or specific purpose;
- Revenue in Lieu of Taxes: Commitments or payments made out of general revenues by a State to an LEA in lieu of taxes that the State would have had to pay had its property or other tax base been subject to taxation on the same basis as privately owned property. This revenue includes payments in lieu of taxes for privately owned property that is not subject to taxation on the same basis as other privately owned property because of action(s) taken by a State; and
- Revenue for, or on Behalf of, the LEA: State commitments or payments for the benefit of an LEA and contributions of equipment and supplies. Such revenue includes payments made for, or on behalf, of an LEA by a State to a pension fund for LEA employees.

In determining levels of State support for MOE purposes, a State may also use the amount of funds provided to LEAs through the State's primary funding formulae in a given year as the level of State support for elementary and secondary education for that year. Alternatively, a State may establish its own definition of State support for elementary and secondary education. In providing the MOE baseline data for the levels of State support for elementary and secondary education in Section C of Part 4, a State must identify and describe the data sources used in determining the levels of such support.

Finally, a State may establish that it is complying with the elementary and secondary education MOE requirements on either an aggregate basis or a per-student basis.

Determining the level of State support for public institutions of higher education

In Section C of Part 4, a State must also provide data on its level of State support for public institutions of higher education (IHEs) for specific fiscal years. These data may *not* include support for capital projects or for research and development or tuition and fees paid by students.

In addition, State funding for financial assistance to students attending public IHEs is not considered State support for these institutions. Rather, such funding is considered support for students to enable them to pay their educational expenses, even if the IHEs administer the funding. However, unrestricted State funding for public IHEs is considered State support for such institutions even if those institutions choose to use a portion of that funding for financial assistance to students.

One example of how a State may quantify State support for public IHEs is to use the definitions from the State Higher Education Executive Officers (SHEEO) State Higher Education Finance study, an annual data collection of all State and local revenue used to support higher education. (See <http://sheeo.org/finance/shef-home.htm>.) In that study, SHEEO identifies the following as State revenue sources for public IHEs:

- State tax appropriations set aside specifically to support public higher education;
- Funding under State auspices for appropriated non-tax support (e.g., tobacco settlement funds and lotteries) specifically set aside for public higher education; and
- Interest or earnings received from State-endowments pledged to public IHEs.

Alternatively, a State may establish its own definition of State support for public IHEs. In providing the MOE baseline data for the levels of State support for public IHEs in Section C of Part 4, a State must identify and describe the data sources used in determining the levels of such support.

APPENDIX D

INSTRUCTIONS FOR PART 5: STATE USES OF FUNDS

Background

Section 14005(b)(3) of the ARRA requires each State to describe how it intends to use its Stabilization allocation.¹ This part of the application collects information regarding a State's intended uses of funds awarded under the Stabilization program and is divided into two sections:

- **Section A: State Uses of the Education Stabilization Fund** (CFDA No.84.394)

These are the funds that the Department awards to States to restore State support elementary, secondary, and postsecondary education and, as applicable, early childhood education programs and services. These funds represent 81.8 percent of the State's total Stabilization Fund allocation.

- **Section B: State Uses of the Government Services Fund** (CFDA No.84.397)

These are the funds that the Department awards to States for public safety and other government services, which may include assistance for elementary and secondary education and public IHEs, and for modernization, renovation, or repair of public school facilities and IHE facilities, including modernization, renovation, and repairs that are consistent with a recognized green building rating system. These funds represent 18.2 percent of the State's total Stabilization Fund allocation.

Section 14002(a)(2)(A) of the ARRA requires States first to use Stabilization Funds to restore State support for elementary, secondary, and public higher education in each of FYs 2009, 2010, and 2011. The worksheets at the end of this appendix will assist States in determining the amount of Stabilization funds that they will use to calculate such levels of support. If any funds remain after restoring State support for elementary, secondary, and public higher education in FYs 2009, 2010, and 2011, the State must award those remaining funds to LEAs based on their proportionate share of funding under Title I, Part A of the ESEA. If there are insufficient funds to fully restore support in each of FYs 2009, 2010, and 2011, the shortfall provisions in section 14002(a)(2)(B) of the ARRA will apply.

In order to calculate the levels of State support for elementary and secondary education, States must determine which of their elementary and secondary education funding formulae are their *primary funding formulae* for elementary and secondary education. States must also determine their levels of State support for public higher education, excluding tuition and fees paid by students. As noted in the instructions in Appendix C, State funding for financial assistance to students attending public IHEs is not considered State support for these institutions. Rather, such funding is considered

¹ The ARRA also requires a State to indicate in its application whether it will use its Stabilization allocation to meet MOE requirements under the ESEA and IDEA and, in such cases, what amount will be used to meet those requirements. The Department recognizes that States would not have that data at this time and, therefore, is not requesting that information as part of the application. The Department notes that, upon approval of the Secretary, a State or LEA that receives Stabilization funds may treat any portion of those funds that is used for elementary, secondary, or postsecondary education as non-Federal funds for the purpose of *any* requirement to maintain fiscal effort, including part C of the IDEA, in a program administered by the Secretary. (*See* Section 14012(d) of the ARRA.) The Stabilization program guidance will further address this fiscal relief authority.

support for students to enable them to pay their educational expenses, even if the IHEs administer the funding. However, unrestricted State funding for public IHEs is considered State support for such institutions even if those institutions choose to use a portion of that funding for financial assistance to students.

The application (in Part 5, Section A, subsection 1) requires States to provide data on “Levels of State Support for Elementary, Secondary, and Postsecondary Education”. These data are the following:

- For FY 2008, the data must be the *actual* levels of State support for elementary and secondary education and for public IHEs.
- For FY 2009, the data may be (a) actual levels of State support for elementary and secondary education and for public IHEs; (b) projected levels of State support for elementary and secondary education and for public IHEs; or (c) prior-enacted levels of State support for elementary and secondary education and for public IHEs that were subsequently revised.
- For FY 2010, the data may be projected levels of State support for elementary and secondary education and for public IHEs. In addition, for FY 2010, the State must make adjustments for approved formula increases or State equity and adequacy adjustments that were enacted prior to October 1, 2008. (*See Worksheet 2-B of Appendix D.*)

The “projected levels” can be based on data such as the Governor’s budget request or preliminary budget or appropriations legislation. The “prior-enacted levels” are amounts that were previously enacted but revised later during the applicable fiscal year. If a State chooses to use “prior-enacted levels”, it must use such levels for both elementary and secondary education and for public IHEs.

We have provided the worksheets at the end of this Appendix to assist States in calculating the data required in Section A of Part 5 of the Application. A State is not required submit the completed worksheets as part of its application. The following principles apply to the calculations in these worksheets:

- A State must restore its level of State support to the greater of the FY 2008 or FY 2009 levels.
- For elementary and secondary education, a State must restore the amount of funds provided through the State’s primary elementary and secondary education formulae.
- Only LEAs are eligible for grants from the Education Stabilization Fund that are awarded through the State’s primary elementary and secondary education formulae.
- A State may determine the formula(e) that it considers to be the “primary” formula(e). A State may make changes to any formula. However, if a State chooses to make a change to a particular formula in a given year for purposes of calculating LEA allocations under the Stabilization program, it must use the revised formula to make allocations of State funds for that same fiscal year.
- A State must first use its Education Stabilization Fund allocation to restore fully the level of State support for elementary and secondary education in FY 2009 and the level of State support for public IHEs in FY 2009 before it may allocate any funds from the Education Fund to restore that support in FY 2010.

- A State must restore State support for *both* elementary and secondary education and public IHEs. It may not choose to restore support for only elementary and secondary education or for only postsecondary education.
- If a State has insufficient funds to restore fully, in a given fiscal year, the levels of State support for both elementary and secondary education and public IHEs, it must allocate funds from the Education Stabilization Fund to support elementary and secondary education and public IHEs in proportion to their relative shortfall in accordance with section 14002(a)(2)(B) of the ARRA.
- A State would repeat this process to calculate how to restore support in FY 2010 and FY 2011 to the extent it has remaining funds.
- If a State has funds remaining after fully restoring State support for elementary, secondary, and postsecondary education in each of fiscal years 2009, 2010, and 2011, it must allocate the remaining funds from the Education Stabilization Fund to LEAs based on their relative shares under Part A of Title I.

(CFDA No. 84.394)**

SPECIAL NOTES:

- **The calculations in the worksheets and the data provided in Section A of Part 5 of the application must be based on each State’s total Education Stabilization Fund allocation as reflected in Appendix A and not on the amount of the State’s initial Education Stabilization Fund award.**
- **The term “postsecondary education” means public higher education.**

WORKSHEET 1-A: Calculating the amount of a State’s total Education Fund allocation to be used to restore the level of State support for elementary, secondary, and postsecondary education in FY 2009

Line	Information	Amount
1.	Amount of the State’s total Education Stabilization Fund allocation.	
2.	Either the actual amount of State funds that the State provided through its primary elementary and secondary education funding formulae in FY 2008, or a prior-enacted amount of State funds that the State provided or will provide through its primary elementary and secondary education funding formulae in FY 2009.	
3.	Either the actual amount of State support for public institutions of higher education (IHEs) in FY 2008 or a prior-enacted amount of State support for public IHEs in FY 2009.	
4.	Actual or projected amount of State funds that the State provided or will provide through its primary elementary and secondary education funding formulae in FY 2009.	
5.	Actual or projected amount of State support for public IHEs in FY 2009.	
6.	If the amount on Line 4 is greater than the amount on Line 2, enter 0; if the amount on Line 2 is greater than the amount on Line 4, enter the difference.	
7.	If the amount on Line 5 is greater than the amount on Line 3, enter 0; if the amount on Line 3 is greater than the amount on Line 5, enter the difference.	
8.	Enter the sum of the amounts on Line 6 and Line 7. This is the amount of funds needed to restore fully the levels of State support for elementary, secondary, and postsecondary education in FY 2009. If the amount on Line 8 is greater than the amount on Line 1, <i>see Worksheet 1-B for FY 2009 Shortfall calculation and do not complete lines 9, 10, 11, and 12.</i>	
9.	If the amount on Line 1 is greater than the amount on Line 8, enter the amount from Line 6. This is the amount of funds from the State’s total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2009. (<i>Enter this amount in Part A of Section 5 of the Application.</i>)	

10.	If the amount on Line 1 is greater than the amount on Line 8, enter the amount from Line 7. This is the amount of funds from the State's total Education Stabilization Fund allocation to be used to restore the level of State support for postsecondary education in FY 2009. <i>(Enter this amount in Part A of Section 5 of the Application.)</i>	
11.	Enter the sum of the amounts on Line 9 and Line 10. This is the amount of funds from the State's total Education Stabilization Fund allocation to be used to restore the level of State support for elementary, secondary, and postsecondary education in FY 2009.	
12.	Enter amount obtained by subtracting the amount on Line 11 from the amount on Line 1. This is the amount of the State's total Education Stabilization Fund allocation remaining to restore State support for education in FY 2010. (This amount is carried over to Line 1 of Worksheet 2-A or Worksheet 2-B.)
