II.A. Uses of Education Stabilization funds by LEAs

Provide a concise narrative of how LEAs in your state have generally used Education Stabilization funds, and the impact that the funds had on elementary and secondary education in your State from October 1, 2010 to September 30, 2011:

Entry from previous timeframe:

Arkansas LEAs have used ESF funds to improve education for at-risk students, close achievement gaps, and improve outcomes for children with disabilities. They have implemented research based professional development and intensive remediation programs, developed systems to identify and train highly effective teachers, and provided training for use of longitudinal data to drive instruction. They have undertaken construction projects including building new schools, modernizing existing facilities, advancing energy efficiency, improving campus security, and upgrading technology. 1511 Certification LEA:

Estimate the total amount of Education Stabilization funds draw downs that the State made on behalf of LEAs, from October 1, 2010 to September 30, 2011, under the following categories:

Salaries and benefits:	\$19,515,629.16
Contracts for construction, modernization, renovation, or repair projects:	\$58,904,970.62
Other:	\$40,978,512.18
Total:	\$119,399,111.96

II.B. Uses of Education Stabilization funds by public IHEs

Provide a concise narrative of how public IHEs in your State have generally used Education Stabilization funds, and the impact that the funds have had on postsecondary education in your State from October 1, 2010 to September 30, 2011:

Entry from previous timeframe:

The public IHEs in Arkansas used the Education Stabilization funds to pay debt principal (\$10.5 million), purchase equipment (\$1 million), vehicles (\$264,000) and technology, hardware and software (\$916,000). Education Stabilization funds were also used for salary and benefits expenses (\$3.9 million) and renovation/modernization project (\$185,000). Because the State was fortunate enough to avoid significant budget shortfalls, funds made available through SFSF had an impact on helping IHEs meet these various and immediate needs. A list of 1511 projects for this section may be found at the following site:

II.C. Uses of Government Services funds by entities

Provide a concise narrative of how entities in your State (including State agencies) have generally used Government Services funds, and how the funds have affected the State's provision of services from October 1, 2010 to September 30, 2011:

Entry from previous timeframe:

Government Services funds (GSF) have primarily been used for the primary purpose of funding one-time capital projects that will not create ongoing debt obligations for the tax payers of Arkansas. Throughout the State, GSF was used for infrastructure improvements to entities such as our institutions of higher education, the Arkansas School for Blind, and the Arkansas School for the Deaf, to name a few. The funds have helped to ensure that Arkansas will continue to provide quality services to its citizens. o Public Safety: \$2,516,474 The entirety of these expenditures went to a single project, the Arkansas Wireless Information Network: The State of Arkansas is working to provide a means of communication for all public safety agencies through enhancing the Arkansas State Police network, upgrading the Chemical Stockpile Emergency Preparedness Program (CSEPP), and the implementation of a Three County Pilot Project. The Three County Pilot Project will demonstrate the effectiveness of the operational design of AWIN, bringing interoperability from the Command and Control structure to the first responder level. The purpose of the project is to build a fully interoperable radio system, based on Project 25 Standards, for all public safety agencies. The project will provide additional infrastructure needed at the county level, upgraded dispatch units, and connectivity to the Arkansas Wireless Information Network. o Other: \$12,628,066.47 Projects included in the other category are: • Arkansas Rehabilitation Services: Repairs and upgrades in the areas of water systems, roof electrical and safety/security for several buildings at the Arkansas Career Training Institute. • The Home Energy Affordability Loan (HEAL): PHASE II of the HEAL project provides training and operating costs, salaries, and equipment for innovate project to promote energy efficiency in major Arkansas employers as well as the homes of qualified employees. • Arkansas Symphony Orchestra: Maintain one employment positions for the period of One Year for Associate Conductor • Arkansas Department of Corrections: Lighting, retrofits and HVAC equipment installation in buildings at Cummins, Tucker, Varner and Wrightsville units • Rock Island Bridge: Rehabilitation of historical railroad bridge linking the cities of North Little Rock and Little Rock for use by pedestrians and bicyclists near the Clinton Presidential Center.

IV. Tax Increases Averted

Estimate the degree to which State tax increases were averted because of the availability of SFSF funds.

Entry from previous timeframe:

Arkansas would not have raised taxes in the event that SFSF funds were not available. Due to the economic position of our state, Arkansas did not have to utilize these funds to cover budget deficits. In addition, there are number of state requirements that would need to be met to propose tax increases within our State. Thus, if SFSF had not been provided to the State, we would not have undertaken the capital projects or one-time ventures that were funded by SFSF.

Please update for the new timeframe:

Arkansas would not have raised taxes in the event that SFSF funds were not available. Due to the economic position of our state, Arkansas did not have to utilize these funds to cover budget deficits. In addition, there are number of state requirements that would need to be met to propose tax increases within our State. Thus, if SFSF had not been provided to the State, we would not have undertaken the capital projects or one-time ventures that were funded by SFSF.

V. Jobs Saved or Created

In its quarterly reports submitted under section 1512 of ARRA, each State provided data on, among other things, the number of jobs estimated to have been saved or created as a result of SFSF support. The Department will use the information that has been reported to determine the number of jobs that have been saved or created. For the purposes of the Initial Annual Report, the State is not required to provide any additional information on the number of jobs estimated to have been saved or created.

VI. Progress in Advancing Education Reform

A. Reducing inequities in the distribution of highly qualified teachers:

Describe the steps that the State has taken, from October 1, 2010 through September 30, 2011, to reduce inequities in the distribution of highly qualified teachers.

Entry from previous timeframe:

The State of Arkansas has established and maintained two web sites designed to attract and retain highly qualified teachers. The address of the first is <http://www.teacharkansas.org/>. A second can be found at <http://www.teachers-teachers.com/>. These websites help the State recruit teachers from across the country. They are also designed to allow school districts to view all applications, and applicants have access to all of the State's school districts. These efforts are intended to eliminate inequities in the distribution of qualified teachers. Additionally, programs outlined in these websites help with the recruitment of qualified individuals into the teaching profession, which in turn increases the State's candidate pool and improves the equitable distribution of teachers in Arkansas. The following link provides data regarding HQT teacher who teach core academic courses. After entering the site select "State Teacher Quality."

Please update for the new timeframe:

The following activities are in addition to the information provided in the 2010 Report year. • Arkansas continues to monitor the HQT status and years of teaching experience in relation to poverty and minority levels in the LEAs. • ADE has been working to assist school districts in locating highly qualified teachers. Economic development and housing are issues to be addressed in order for teachers to relocate in the economically hard-pressed Delta and southeastern quadrant of the state. The plan includes continued dialogue with business and school leaders in this region, as well as the Arkansas Economic Development

Commission and the Arkansas Department of Higher Education, to expand strategies for staffing such areas. The Arkansas Legislature created The Arkansas Teacher Housing Development and The Teacher Housing Fund to assist highly qualified and experienced teachers to relocate to hard-to-staff areas of the state, particularly the Delta region, with reasonably priced housing. In Arkansas FY12 (which includes Sept 30, 2011), the ADE has expended approximately forty six thousand dollars in assistance. • Since the 2006-07 school year, ADE has entered into a yearly Memorandum of Understanding with the Teach for America Corporation (TFA) to assist the state in placing teachers in the Delta region. For the past ten years, the number of Highly Qualified Teachers employed in Arkansas through annual contacts with TFA is substantially higher. The growth in HQT in the Delta is a significant asset and evidence of efforts to ensure equity to student in the region. • In 2003, the Arkansas Legislature established High Priority Districts Bonus Incentives. The program defines a high priority district as one with fewer than 1000 students and in which over 80% of the students qualify for the free- or reduced-price lunch program. Teachers in any of the qualifying districts receive \$5000 as an incentive bonus for the first year of service, then \$4000 for the second year, and \$3000 for all teachers in their third year and beyond. The bonus is paid upon completion of the contract for that school year. The state has appropriated over \$4 million each biennium through this incentive program to recruit teachers in high-priority districts.
