PART 3: INITIAL BASELINE DATA FOR EDUCATION REFORM ASSURANCES

SPECIAL NOTES:

- In completing this portion of the application, please refer to Appendix B – Instructions for Part 3: Initial Baseline Data for Education Reform Assurances.
- The data described in Appendix B for two of the education reform assurances in Part 2 of the application – the Improving Assessments Assurance and the Improving Standards Assurance – are the most current available baseline data for these areas. Thus, the Department is not inviting States to submit additional information with respect to these two assurances.
- The Governor or his/her authorized representative should confirm whether the initial baseline data sources described in Appendix B for the four assurances referenced below – Achieving Equity in Teacher Distribution; Improving Collection and Use of Data; Improving State Academic Content and Student Achievement Standards; and Supporting Struggling Schools – reflect the State’s current status with respect to these assurances. A State that confirms the use of these initial baseline data sources does not have to submit additional baseline data with this application. If a State elects not to use the identified data sources for one or more of these four assurances, it must submit other initial baseline data for that assurance.

The Governor or his/her authorized representative confirms that the data sources that are currently available to the Department and described in Appendix B are a reasonable reflection of the current status of the State with respect to the following education reform assurances that he/she provided in Part 2 of the Application (*check only those assurances for which the State accepts the data described in Appendix B*):

- Achieving Equity in Teacher Distribution Assurance.
- Improving Collection and Use of Data Assurance.
- Improving Standards Assurance.
- Supporting Struggling Schools Assurance.

PART 4, SECTION A: MAINTENANCE-OF-EFFORT (MOE) ASSURANCE

SPECIAL NOTES:

- In completing Part 4 of the application, please refer to Appendix C – Instructions for Part 4: Maintenance of Effort.
- The Governor or his/her authorized representative should check only those MOE requirements that he or she anticipates the State will meet. If the Governor or his/her authorized representative anticipates that the State will be unable to meet one or more of the requirements, he or she must sign the additional waiver assurance in Part 4, Section B.
- For the purpose of determining MOE, State support for public institutions of higher education (IHEs) must not include support for capital projects or for research and development or tuition and fees paid by students.

The Governor or his/her authorized representative assures the following (*check appropriate assurances that apply*):

In FY 2009, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.

In FY 2010, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.

In FY 2011, the State will maintain State support for elementary and secondary education at least at the level of such support in FY 2006.

In FY 2009, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.

In FY 2010, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.

In FY 2011, the State will maintain State support for public IHEs at least at the level of such support in FY 2006.

PART 4, SECTION C: MAINTENANCE-OF-EFFORT BASELINE DATA

SPECIAL NOTES:

- A State has some flexibility in determining the “levels of State support” for MOE purposes. For example, for the purpose of the elementary and secondary education MOE requirements, a State may use the level of support that the State provides through its primary elementary and secondary funding formulae, or it may use other relevant data. *See Appendix C – Instructions for Part 4: Maintenance of Effort.*

1. Levels of State support for elementary and secondary education *(the amounts may reflect the levels of State support on either an aggregate basis or a per-student basis):*

FY 2006 \$ 1,619,662,393

FY 2009* \$ 1,889,182,288

FY 2010* \$ 1,619,662,393

FY 2011* \$ 1,619,662,393

(* Provide data to the extent that data are currently available.)

2. Levels of State support for public institutions of higher education *(enter amounts for each year):*

FY 2006 \$ 565,538,477

FY 2009* \$ 665,651,849

FY 2010* \$ 698,847,703

FY 2011* \$ 701,943,386

(* Provide data to the extent that data are currently available.)

3. Additional Submission Requirements: In an attachment to the application –

(a) Identify and describe the data sources used in determining the levels of State support for elementary and secondary education; - and -

(b) Identify and describe the data sources used in determining the levels of State support for public IHEs.

PART 5, SECTION A: STATE USES OF THE EDUCATION STABILIZATION FUND

SPECIAL NOTES:

- Section A of Part 5 requests data on the Education Stabilization Fund (CFDA No. 84.394). In completing this portion of the application, please refer to Appendix D – Instructions for Part 5: State Uses of Funds.
- At a later date, the Department will collect data on the levels of State support for elementary, secondary, and postsecondary education in FY 2011.
- These data may differ from the data in the levels of support for maintenance-of-effort purposes. *See* instructions in Appendix D.
- The term “postsecondary education” refers to public IHEs.

1. Levels of State Support for Elementary, Secondary, and Postsecondary Education

Provide the following data on the levels of State support for elementary, secondary, and postsecondary education:

- | | |
|---|-------------------------|
| (a) Level of State support for elementary and secondary education in FY 2008 provided through the State’s primary elementary and secondary education funding formulae | \$ <u>1,809,212,288</u> |
| (b) Level of State support for public IHEs in FY 2008 | \$ <u>656,149,622</u> |
| (c) Level of State support for elementary and secondary education in FY 2009 provided through the State’s primary elementary and secondary education funding formulae | \$ <u>1,889,182,288</u> |

Yes

No

* See Appendix D Worksheets for further guidance on how such increases affect a State’s “use of funds” calculations.

2. State's Primary Education Funding Formulae

Additional Submission Requirement: In an attachment to the application, identify and describe each of the State's primary elementary and secondary education funding formulae that were used in determining the calculations provided above for the levels of State support for elementary and secondary education.

As explained in the Instructions in Appendix D, a State must determine the amount of funds needed to restore fully the levels of State support for elementary, secondary, and postsecondary education in FY 2009 before determining the amount of funds available to restore the levels of such support in FY 2010.

SPECIAL NOTES:

- At a later date, the Department will collect data on the amount of funds, if any, that remain available to (1) restore the levels of State support for elementary, secondary, and postsecondary education in FY 2011, and (2) award subgrants to local educational agencies (LEAs) based on their proportionate shares of funding under Part A of Title I of the ESEA.
- The calculations for these data must be based on the State's total Education Stabilization Fund allocation as reflected in Appendix A and not on the State's initial Education Stabilization Fund award.
- Although the State must follow the Instructions in Appendix D, in order to determine the amount of funds that LEAs and IHEs will receive under the program (i.e., the "restoration amounts"), the Governor has discretion in determining when to release these funds to LEAs and IHEs.

(a) Amount of the State's total Education Stabilization Fund allocation to be used to restore the level of State support for elementary and secondary education in FY 2009

5. Process for Awarding Funds to Public IHEs

Attachment 1- Data Sources for State support of elementary and secondary education and public Institutions of Higher Education.

For Fiscal Years 2006 and 2008, the actual expenditures for the Education Cost Sharing (ECS) grant, the state's main formula grant to Local Education Agencies, have been used. The source of data is the published Office of the State Comptroller's Annual *Comptroller's Report*. The data used for FY 2009 is the entitlement for ECS, which was appropriated in Public Act 07-1, June Special Session, for the biennium ending on June 30, 2009. For FY 2010 and FY 2011, the ECS entitlement is from the Appropriations Committee Budget of April 2009, as amended.

A description (Office of Legislative Research, Lohman, 2007) of the ECS grant formula follows:

The ECS formula has a basic three-part structure. That formula multiplies three factors: (1) a base aid ratio of each town's wealth to a designated state guaranteed wealth level (GWL), (2) the foundation, and (3) the number of each town's resident students adjusted for educational and economic need ("need students"). A per-student bonus is added for towns that are part of regional school districts.

Formula Factors

Foundation. The ECS foundation is \$ 9,687. The foundation is the level of weighted per-student spending ECS grants help towns achieve.

State Guaranteed Wealth Level (GWL). The ECS formula is designed to allow towns to tax themselves to raise a portion of the foundation based on an equalized tax burden, with the state making up any difference between what a town can raise and the foundation, up to the state guaranteed wealth level. The GWL is 75% above the wealth of the median town (1. 75 times the median town wealth). A higher GWL increases the state's share of total education funding.

Base Aid Ratio and Minimum Grant. The base aid ratio (or percentage) represents the relationship between each town's wealth (measured by equalized grand list adjusted for income) and the state GWL. To avoid having towns whose wealth is higher than the GWL get no state aid, the ECS formula establishes a minimum base aid ratio. This minimum is 0. 09 for most towns and 0. 13 for the 20 school districts with highest concentrations of low-income students.

"Need Students." By law, the ECS formula weights student counts for educational and economic need. It does so by increasing a town's resident student counts for students in certain categories to yield a "need student" count. These factors include:

1. Weighting for limited-English-proficient (LEP) students not participating in bilingual education programs at 15%.
2. Weighting for low-income students at 33% based on children eligible for federal Title I education aid as of each October 1.

For Fiscal Years 2006 and 2008, the actual agency expenditures for the Institutions of Higher Education have been used. In Connecticut, these include:

- 1) The University of Connecticut
- 2) The University of Connecticut Medical Center (academic portions only)
- 3) Connecticut State University
- 4) Connecticut Community Colleges

5) Charter Oak State College

The source of data is the published Office of the State Comptroller's Annual *Comptroller's Report*. The data used for FY 2009 is the entitlement for ECS, which was appropriated in Public Act 07-1, June Special Session, for the biennium ending on June 30, 2009. For FY 2010 and FY 2011, the funding shown is from the Appropriations Committee Budget of April 2009, as amended. Funding for the University of Connecticut clinical practices and hospital are not included in these figures.

Dear Dr. Conaty:

Attached is the State of Connecticut's Application for Initial Funding under the State Fiscal Stabilization Fund Program. Please note that since the State has not yet adopted a budget for the biennium beginning July 1, 2009 and is not likely to do so before the deadline for submission of this application, we have attached additional documentation in support of the application.

Once a budget has been adopted and approved, I will submit it to you as a supplement to this application.
