---

In this section all the standard objectives are listed for your EOC project. The percentage for each of these standard objectives will be pre-populated in the online Web application for all grantees. The pre-populated numbers are based on the information provided on the Program Profile sheet submitted with your approved FY 2011 application. No changes may be made to these percentages on this form. However, if any of the pre-populated numbers reflects a data entry error, you must contact your assigned program specialist to resolve the problem.
