* A “Newly Funded” grantee is a grantee that received McNair funding for the first time in 2003-04.

Notes: "n/a" indicates a grantee's graduate school enrollment rate was not calculated. For a "newly funded grantee in 2003-04", the "n/a" indicates that the project did not report any participants receiving a BA degree presumably because the grantee did not serve any seniors in the first year of the grant. For Xavier University in Louisiana, the grantee's graduate school enrollment rate was not calculated because the grantee was unable to submit its 2004-05 APR due to Hurricane Katrina; therefore, data on the number of students enrolling in graduate school was not available.
