Paperwork Burden Statement
Dear Applicant:

Thank you for your interest in applying for a grant under the Student Support Services (SSS) Program. The SSS Program provides grants to institutions of higher education to operate projects that provide opportunities for academic development, assists students with basic college requirements, and serves to motivate students toward the successful completion of their postsecondary education. The goal of SSS is to increase the college retention and graduation rates of its participants.

We are requiring that applications for Fiscal Year (FY) 2010 grants under the SSS Program be submitted electronically using e-Application available through the Department of Education’s (Department) e-Grants system. An applicant who is unable to submit an application through the e-Grants system must submit a written request for a waiver of the electronic submission requirement at least two weeks before the deadline date. Additional information about e-Grants submission requirements is in the Notice Inviting Applications for New Awards (Notice), published in the Federal Register, and in the transmittal instructions which are included in this package.

As a result of the enactment of the Higher Education Opportunity Act in 2008, the Department conducted negotiated rulemaking to engage the community in discussions on regulatory issues that impact the Federal TRIO Programs and other discretionary grant programs. The negotiated rulemaking phase of the process is now complete and the Department is preparing the Notice of Proposed Rulemaking (NPRM). The NPRM will be published in the Federal Register upon completion and the public will be provided an opportunity to comment on the document. However, the NPRM will not be completed by the closing date of the FY 2010 competition. Therefore, any new requirements for successful applicants will be communicated in the letter announcing the results of the competition. Please note the definitional changes for different campuses and different populations which are detailed in the Notice. We urge you to review the entire application package carefully before preparing and submitting your application.

The Notice published in the Federal Register contains specific information governing all of the requirements for applying. You are reminded that the document published in the Federal Register is the official document and that you should not rely upon any information that is inconsistent with the guidance contained within the official document.
Finally, we would like to share with you the importance of ensuring that your application includes a strong evaluation plan. The peer reviewers will be instructed to look closely at the potential of SSS Program applicants to successfully reach their individual project goals which are driven by the performance indicators for the SSS Program. The evaluation plan should not only include formative and summative measures, but also, address the use of appropriate controls and techniques that provide for independent evaluation. The evaluation plan should shape the development of the project from the beginning of the grant period and provide benchmarks for the monitoring of progress and measurement of that progress throughout the grant award period. You should pay close attention to the information provided in the Instructions for the Project Narrative section of this application regarding the development of your evaluation activity.

Thank you for your interest in the SSS Program. We look forward to receiving your application.

Sincerely,

/signed/

Alan Schiff
Acting Deputy Assistant Secretary
for Higher Education Programs
1. **SSS Program applications must be submitted electronically using e-Application unless you qualify for one of the exceptions to the electronic submission requirement.** The requirements for obtaining an exception to the electronic submission have changed and are included in the Notice. If you think you may need an exception; you are urged to review the requirements promptly.

2. Applications submitted late will not be accepted. The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date.

3. Applicants are required to adhere to the page limit for the Project Narrative portion of the application. You must limit the section of the narrative that addresses the selection criteria to no more than 65 pages.

4. As you develop your application, we ask you to carefully consider the specific content that you will provide in the Objectives section of the application. This part of the application should address the appropriate standardized objectives related to the participants’ academic achievements, including retention, academic standing, and graduation/transfer as stated on the SSS Program Profile Sheet.

5. In accordance with the Higher Education Act of 1965, as amended by the Higher Education Opportunity Act of 2008 (HEA), all successful applicants under the FY 2010 SSS competition will receive five-year (60-month) grant awards that will commence September 1, 2010.

6. Consistent with the HEA, applicants may submit multiple SSS program applications to address the needs of different campuses of a single institution or to address the needs of the different populations that have been identified in this application (e.g., students with disabilities; students for whom English is a second language; students entering specific disciplines of study) as appropriate recipients for project services as defined by the program regulations.

7. The HEA **prescribes a list of required services** that each applicant must include in the plan of operation and also provides a list of permissible services that an applicant may include in the plan of operation to the extent that they are viable and serve the needs identified for the student population to be served by the project.
8. All applicants must complete the new SSS Program Profile. The SSS Program Profile contains standardized objectives relative to the program and other information that is needed by the Department as a result of the HEOA. All applicants are required to propose the percentage at which each of the applicable objectives will be met.

In the Project Narrative, you must address each of the appropriate objectives, and explain how the objective is ambitious and attainable. Applicants should use comparative data to show why the proposed percentages are ambitious based on information provided in the Need section of the Project Narrative and attainable based on the information provided in the Plan of Operation and the resources available to the project. Applicants may not modify, amend or delete any of these objectives.

9. All applicants must provide a one-page abstract. Complete instructions for submitting the abstract are included in the Instructions for Completing the Application Package.

Please read and follow these step-by-step directions to create and submit your application.

**ATTENTION**

Applicants using the Department of Education's e-Application system will need to register first to access an application package. Forms in an application package are completed online and narratives are uploaded while logged into the system. Therefore, allow sufficient time to complete your application before the closing date. If you have not used e-Application in the past, you may want to walk through the Demo available on the e-Application homepage. If you encounter difficulties, you may also contact the e-Grants helpdesk on 1-888-336-8930. The following are steps you should follow to successfully complete an application with e-Application.

**Step 1 – Determine** if your program is accepting electronic applications. The Federal Register Notice of each program will indicate whether the program is accepting e-Applications as part of the Department's e-Application program. Here is a link to the Department's Federal Register notices: [http://www.ed.gov/news/fedregister/announce/index.html](http://www.ed.gov/news/fedregister/announce/index.html). Additional information on the Department's of Education's grant programs can be found at [http://www.ed.gov/about/offices/list/ocfo/grants/grants.html](http://www.ed.gov/about/offices/list/ocfo/grants/grants.html).

**Step 2 – Register in e-Application** to access the application package. If you are a new user, you will need to register to use e-Application. From the e-Grants Portal Page [http://e-grants.ed.gov/](http://e-grants.ed.gov/), click on the continue button and click the register button on the right side of the next page. Select the e-Application module and click the next button. Please provide the requested information. Your e-Grants password will be sent to the e-mail address you provide. Once you receive the e-mail, enter your username and password and click the login button.

If you already have a username and password for e-Grants, use them to login. If you have access to more than one e-Grants module, you will be directed to select which module you wish to enter. Keep in mind that this username and password will be used for all e-Grants modules. In order to update your registration for additional e-Grants modules, click the appropriate tab on the top of the screen and provide the requested information.

Note the following browser compatibility problems. The site is viewed best in Internet Explorer 5. We currently support IE 5, Netscape 6.2, Firefox 2.2 (along with later versions of IE, Netscape and Firefox). Please make sure that you have **Cookies** and **JavaScript** enabled in your browser.

**Step 3 - Add Application Package to your Start Page.** From your Start Page, click on the "Add" button to see the list of application packages. Click on a specific package link on the List of Application Packages to apply. The package will now appear on your Start Page. From this point forward, you will access your unique application from your Start Page (not the Packages Page).

**Step 4 - Begin the Application.** Click on the underlined Application Package Title on your Start Page. This brings you to a page where you will see all of the application's forms and narratives listed as underlined links.
Step 5 - **Fill out Forms.** Enter a form by clicking on the underlined form title in order to enter data. Remember to click the "Save" button at the bottom of the form and check the "Form Completed" box for each form as you complete it.

Step 6 - **Upload File(s) for Narrative Responses.** Click on an underlined narrative form title for the e-Application. Enter the title of the document, and click on the "Browse" button to locate your file. Remember to click the "Save" button after you upload the document and check the "Form Completed" box when you finish uploading your file(s). Please note for file uploads, we accept .doc, .rtf, and .pdf files only. If you are using Word 2007, please save your document in a lower version of Word before uploading into e-Application.

Step 7 - **Verify Information/Print Application.** Verify your information is complete and correct on all required forms and narratives. You have the option to print each form at any time by clicking on the print/view icon next to the appropriate form. After submission of the forms and narratives, you have the option to print a complete e-Application package in PDF by clicking on the “Request Complete Package in PDF” on the e-Application PR/Award page. A second window will open informing you that your request has been received and that you will be notified via email once it is available. This process can take anywhere from a few minutes to a few hours. Once you receive the email, click on the link in the text of the message and enter your username and password in the new window. This will open the PDF file from which you can view/print the entire package. In addition, a blank complete package in PDF will be accessible from the package page in e-Application.

Please check with your certifying official or sponsored research office before submission. Click on the "Ready to submit" button at the bottom of your application. Enter and verify the Authorizing Representative information. Click the "Submit" button. [Reminder: applications must be submitted before 4:30:00 pm, Washington, D.C. time, on the deadline date for applications. e-Application will not accept your application if you try to submit it after 4:30:00 on the deadline date.]

Step 9 - **Fax the signed SF 424 Cover Page (or Program Specific Cover Page).** Write your unique application number (received in step 8) on the upper right corner of your printed SF 424 Cover Page (or Program Specific Cover Page), and fax it to the Application Control Center (202) 245-6272 within 3 business days of submitting your e-Application.

NOTE: For more detailed information on submitting an e-Application, please see the [User Guide](http://e-grants.ed.gov). In addition, please try practicing with our e-Application Demo site by clicking on the Demo button found on the upper left corner of the e-Application Home Page. Both the User Guide and Demo can be found at [http://e-grants.ed.gov](http://e-grants.ed.gov).

**Other Submission Tips**

1) **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application.** The time it takes to upload the narratives for your application will vary depending on a number of factors including the size of the files and the speed of your Internet connection. If you try to submit your application after 4:30:00 on the deadline date, the e-Application system will not accept it.

2) If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.
If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

3) Dial-Up Internet Connections - When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). If using Word 2007, save your file to a lower version of Word before uploading. Also, do not upload any password protected files to your application.

2. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.

3. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. Please note that each file attachment in e-Application has a file size limitation which is anywhere from 2 to 8 MB and the limitation will be indicated on the individual screen when you upload a file. For reference, however, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the size of your attachments before uploading them into e-Application.

**Project Period:** Up to 60 months.

**III. Eligibility Information**

1. **Eligible Applicants:** Institutions of higher education or combinations of institutions of higher education.

2. **Cost Sharing or Matching:** Section 402D(d)(4) of the HEA requires that all successful applicants that use SSS Program funds to provide grant aid to students pursuant to section 402D(d)(1) of the HEA must provide matching funds, in cash, from non-Federal funds, in an amount that is not less than 33 percent of the total amount of the SSS Program funds used for this aid. This matching requirement does not apply to a grant recipient that is an institution of higher education eligible to receive funds under Part A or Part B of Title III or under Title V of the HEA.
3. **Other**: An applicant may submit multiple applications if each separate application describes a project that will serve a different campus or a different population (section 402A(c)(5) of the HEA).

Under section 402A(h)(2) of the HEA, the term “different population” means a group of individuals that an eligible entity desires to serve through a SSS grant that is separate and distinct from a group of individuals that the entity has applied to serve using Federal TRIO Program funds, or, while sharing some of the same need.

2. **Content and Form of Application Submission**: Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program. Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative (Part III) to no more than 65 pages using the following standards:

- A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Page numbers and an identifier may be within the 1" margin.

- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions; however, you may single space all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the Application for Federal Assistance Face Sheet (SF 424); Part II, the budget information summary form (ED Form 524); SSS Program Profile; the one-page Project Abstract narrative; and the assurances and certifications. The page limit also does not apply to a table of contents. If you include any attachments or appendices, these items will be counted as part of Part III, the application narrative, for purposes of the page-limit requirement. You must include your complete response to the selection criteria, which also includes the budget narrative in Part III, the application narrative.

We will reject your application if you exceed the page limit.

3. Submission Dates and Times:

Applications for grants under this program must be submitted electronically using the Electronic Grant Application System (e-Application) accessible through the Department’s e-Grants site. For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 6. under For Further Information Contact of section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in this notice.

Applications for grants under the Student Support Services Program — CFDA Number 84.042A must be submitted electronically using e-Application, accessible through the Department’s e-Grants Web site at: http://e-grants.ed.gov.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission.
Requirement.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

Please note the following:

• You must complete the electronic submission of your grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. E-Application will not accept an application for this program [competition] after 4:30:00 p.m., Washington, DC time, on the application deadline date. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the application process.

• The hours of operation of the e-Grants Web site are 6:00 a.m. Monday until 7:00 p.m. Wednesday; and 6:00 a.m. Thursday until 8:00 p.m. Sunday, Washington, DC time. Please note that, because of maintenance, the system is unavailable between 8:00 p.m. on Sundays and 6:00 a.m. on Mondays, and between 7:00 p.m. on Wednesdays and 6:00 a.m. on Thursdays, Washington, DC time. Any modifications to these hours are posted on the e-Grants Web site.

• You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

• You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text),

  (1) Print SF 424 from e-Application.
  (2) The applicant’s Authorizing Representative must sign this form.
  (3) Place the PR/Award number in the upper right hand corner of the hard-copy signature page of the SF 424.

Application Deadline Date Extension in Case of e-Application Unavailability:
If you are prevented from electronically submitting your application on the application deadline date because e-Application is unavailable, we will grant you an extension of one business day to enable you to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if-
(1) You are a registered user of e-Application and you have initiated an electronic application for this competition; and

(2) (a) E-Application is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

(b) E-Application is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting you an extension. To request this extension or to confirm our acknowledgment of any system unavailability, you may contact either (1) the person listed elsewhere in this notice under For Further Information Contact (see VII. Agency Contact) or (2) the e-Grants help desk at 1-888-336-8930. If e-Application is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an e-mail will be sent to all registered users who have initiated an e-Application. Extensions referred to in this section apply only to the unavailability of e-Application.

**Exception to Electronic Submission Requirement:** You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through e-Application because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to e-Application;

and

- No later than two weeks before the application deadline date (14 calendar days; or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day
following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program competition are in 34 CFR 646.21 and are listed in the application package. Note: Under the “Objectives” selection criterion, 34 CFR 646.21 (b), worth eight (8) points, applicants should address the standardized objectives in 34 CFR 646.21(a)(3) related to the participants’ academic achievements, including retention, grade point average, graduation, and transfer. Applicants also should note that the graduation objective should be measured by cohorts of students who become SSS Program participants in each year of the project and should be compared to a relevant and valid comparison group. The graduation, certificate, and transfer rates for two-year institutions should be measured over a four-year period and that of four-year institutions should be measured over a six-year period.

2. Review and Selection Process: A panel of non-Federal readers will review each application in accordance with the selection criteria, pursuant to 34 CFR 646.21. The individual scores of the readers will be added and the sum divided by the number of readers to determine the reader score received in the review process. In accordance with 34 CFR 646.22, the Secretary will award prior experience points to applicants that have conducted a SSS Program project within the last three fiscal years, based on their
documented experience. Prior experience points, if any, will be added to the application’s averaged reader score to determine the total score for each application. If there are insufficient funds for all applications with the same total scores, the Secretary will choose among the tied applications so as to serve geographical areas that have been underserved by the SSS Program.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

   If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:**
   We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

   We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.
4. **Performance Measures**: The success of the SSS Program will be measured by the rates of SSS Program participants persisting in and completing postsecondary education at the grantee institution. All SSS Program grantees will be required to submit an annual performance report documenting the persistence and degree attainment of their participants. Since students may take different lengths of time to complete their degrees, multiple years of performance report data are needed to determine the degree completion rates of SSS Program participants. The Department of Education will aggregate the data provided in the annual performance reports from all grantees to determine the accomplishment level.

AUTHORIZING LEGISLATION

TITLE IV, Part A, Subpart 2, Section 402D of the Higher Education Act of 1965, as amended

CHAPTER I-FEDERAL TRIO PROGRAMS

(a) GRANTS AND CONTRACTS AUTHORIZED.-The Secretary shall, in accordance with the provisions of this chapter, carry out a program of making grants and contracts designed to identify qualified individuals from
disadvantaged backgrounds, to prepare them for a program of postsecondary education, to provide support services for such students who are pursuing programs of postsecondary education, to motivate and prepare students for doctoral programs, and to train individuals serving or preparing for service in programs and projects so designed.

(b) RECIPIENTS, DURATION, AND SIZE.

(1) RECIPIENTS.-For the purposes described in subsection (a), the Secretary is authorized, without regard to section 3709 of the Revised Statutes (41 U.S.C. 5), to make grants to, and contracts with, institutions of higher education, public and private agencies and organizations including community-based organizations with experience in serving disadvantaged youth, combinations of such institutions, agencies and organizations, and, as appropriate to the purposes of the program, secondary schools, for planning, developing, or carrying out one or more of the services assisted under this chapter.

(2) DURATION.-Grants or contracts made under this chapter shall be awarded for a period of 5 years, except that

(A) in order to synchronize the awarding of grants for programs under this chapter, the Secretary may, under such terms as are consistent with the purposes of this chapter, provide a one-time, limited extension of the length of such an award;

(B) grants made under section 402G shall be awarded for a period of 2 years; and

(C) grants under section 402H shall be awarded for a period determined by the Secretary.

(3) MINIMUM GRANTS.-Unless the institution or agency requests a smaller amount, an individual grant authorized under this chapter shall be awarded in an amount that is not less than $200,000, except that an individual grant authorized under section 402G shall be awarded in an amount that is not less than $170,000.

(c) PROCEDURES FOR AWARDING GRANTS AND CONTRACTS.

(1) APPLICATION REQUIREMENTS.-An eligible entity that desires to receive a grant or contract under this chapter shall submit an application to the Secretary in such manner and form, and containing such information and assurances, as the Secretary may reasonably require.

(2) CONSIDERATIONS.

(A) PRIOR EXPERIENCE.-In making grants under this chapter, the Secretary shall consider each applicant's prior experience of high quality service delivery, as determined under subsection (f), under the particular program for which funds are sought. The level of consideration given the factor of prior experience shall not vary from the level of consideration given such factor during fiscal years 1994 through 1997, except that grants made under section 402H shall not be given prior experience consideration.

(B) PARTICIPANT NEED.-In making grants under this chapter, the Secretary shall consider the number, percentages, and needs of eligible participants in the area, institution of higher education, or secondary school to be served to aid such participants in preparing for, enrolling in, or succeeding in postsecondary education, as appropriate to the particular program for which the eligible entity is applying.

(3) ORDER OF AWARDS; PROGRAM FRAUD.-{A) Except with respect to grants made under sections 402G and 402H and as provided in subparagraph (B), the Secretary shall award grants and contracts under this chapter in the
order of the scores received by the application for such grant or contract in the peer review process required under paragraph (4) and adjusted for prior experience in accordance with paragraph (2) of this subsection.

(B) The Secretary shall not provide assistance to a program otherwise eligible for assistance under this chapter, if the Secretary has determined that such program has involved the fraudulent use of funds under this chapter.

(4) PEER REVIEW PROCESS.—(A) The Secretary shall ensure that, to the extent practicable, members of groups underrepresented in higher education, including African Americans, Hispanics, Native Americans, Alaska Natives, Asian Americans, and Native American Pacific Islanders (including Native Hawaiians), are represented as readers of applications submitted under this chapter. The Secretary shall also ensure that persons from urban and rural backgrounds are represented as readers.

(B) The Secretary shall ensure that each application submitted under this chapter is read by at least three readers who are not employees of the Federal Government (other than as readers of applications).

(5) NUMBER OF APPLICATIONS FOR GRANTS AND CONTRACTS.—The Secretary shall not limit the number of applications submitted by an entity under any program authorized under this chapter if the additional applications describe programs serving different populations or different campuses.

(6) COORDINATION WITH OTHER PROGRAMS FOR DISADVANTAGED STUDENTS.—The Secretary shall encourage coordination of programs assisted under this chapter with other programs for disadvantaged students operated by the sponsoring institution or agency, regardless of the funding source of such programs. The Secretary shall not limit an entity's eligibility to receive funds under this chapter because such entity sponsors a program similar to the program to be assisted under this chapter, regardless of the funding source of such program. The Secretary shall permit the Director of a program receiving funds under this chapter to administer one or more additional programs for disadvantaged students operated by the sponsoring institution or agency, regardless of the funding sources of such programs. The Secretary shall, as appropriate, require each applicant for funds under the programs authorized by this chapter to identify and make available services under such program, including mentoring, tutoring, and other services provided by such program, to foster care youth (including youth in foster care and youth who have left foster care after reaching age 13) or to homeless children and youths as defined in section 725 of the McKinney-Vento Homeless Assistance Act.

(7) APPLICATION STATUS.—The Secretary shall inform each entity operating programs under this chapter regarding the status of their application for continued funding at least 8 months prior to the expiration of the grant or contract. The Secretary, in the case of an entity that is continuing to operate a successful program under this chapter, shall ensure that the start-up date for a new grant or contract for such program immediately follows the termination of the preceding grant or contract so that no interruption of funding occurs for such successful reapplicants. The Secretary shall inform each entity requesting assistance under this chapter for a new program regarding the status of their application at least 8 months prior to the proposed startup date of such program.

(8) REVIEW AND NOTIFICATION BY THE SECRETARY.

(A) GUIDANCE.—Not later than 180 days after the date of enactment of the Higher Education Opportunity Act, the Secretary shall issue nonregulatory guidance regarding the rights and responsibilities of applicants with respect to the application and evaluation process for programs and projects assisted under this chapter, including applicant access to peer review comments. The guidance shall describe the procedures for the submission, processing, and scoring of applications for grants under this chapter, including

(i) the responsibility of applicants to submit materials in a timely manner and in accordance with the processes established by the Secretary under the authority of the General Education Provisions Act;
(ii) steps the Secretary will take to ensure that the materials submitted by applicants are processed in a proper and timely manner;

(iii) steps the Secretary will take to ensure that prior experience points for high quality service delivery are awarded in an accurate and transparent manner

(iv) steps the Secretary will take to ensure the quality and integrity of the peer review process, including assurances that peer reviewers will consider applications for grants under this chapter in a thorough and complete manner consistent with applicable Federal law; and

(v) steps the Secretary will take to ensure that the final score of an application, including prior experience points for high quality service delivery and points awarded through the peer review process, is determined in an accurate and transparent manner.

(B) UPDATED GUIDANCE.-Not later than 45 days before the date of the commencement of each competition for a grant under this chapter that is held after the expiration of the 180-day period described in subparagraph (A), the Secretary shall update and publish the guidance described in such subparagraph.

(C) REVIEW.

(i) IN GENERAL.-With respect to any competition for a grant under this chapter, an applicant may request a review by the Secretary if the applicant

(I) has evidence of a specific technical, administrative, or scoring error made by the Department, an agent of the Department, or a peer reviewer, with respect to the scoring or processing of a submitted application; and

(II) has otherwise met all of the requirements for submission of the application.

(ii) TECHNICAL OR ADMINISTRATIVE ERROR.-In the case of evidence of a technical or administrative error listed in clause (i)(I), the Secretary shall review such evidence and provide a timely response to the applicant. If the Secretary determines that a technical or administrative error was made by the Department or an agent of the Department, the application of the applicant shall be reconsidered in the peer review process for the applicable grant competition.

(iii) SCORING ERROR.-In the case of evidence of a scoring error listed in clause (i)(I), when the error relates to either prior experience points for high quality service delivery or to the final score of an application, the Secretary shall (I) review such evidence and provide a timely response to the applicant; and

(II) if the Secretary determines that a scoring error was made by the Department or a peer reviewer, adjust the prior experience points or final score of the application appropriately and quickly, so as not to interfere with the timely awarding of grants for the applicable grant competition.

(iv) ERROR IN PEER REVIEW PROCESS.

(I) REFERRAL TO SECONDARY REVIEW.-In the case of a peer review process error listed in clause (i)(I), if the Secretary determines that points were withheld for criteria not required in Federal statute, regulation, or guidance governing a program assisted under this chapter or the application for a grant for such program, or determines that information pertaining to selection criteria was wrongly determined missing from an application by a peer reviewer, then the Secretary shall refer the application to a secondary review panel.

COMPOSITION OF SECONDARY REVIEW PANEL.-The secondary review panel shall be composed of reviewers each of whom
(aa) did not review the application in the original peer review;
(bb) is a member of the cohort of peer reviewers for the grant program that is the subject of such secondary review; and
(cc) to extent practicable, has conducted peer reviews in not less than two previous competitions for the grant program that is the subject of such secondary review.

FINAL SCORE.-The final peer review score of an application subject to a secondary review under this clause shall be adjusted appropriately and quickly using the score awarded by the secondary review panel, so as not to interfere with the timely awarding of grants for the applicable grant competition.

QUALIFICATION FOR SECONDARY REVIEW. To qualify for a secondary review under this clause, an applicant shall have evidence of a scoring error and demonstrate that-
(aa) points were withheld for criteria not required in statute, regulation, or guidance governing the Federal TRIO programs or the application for a grant for such programs; or
(bb) information pertaining to selection criteria was wrongly determined to be missing from the application.

FINALITY.

IN GENERAL.-A determination by the Secretary under clause (i), (ii), or (iii) shall not be reviewable by any officer or employee of the Department.

SCORING.-The score awarded by a secondary review panel under clause (iv) shall not be reviewable by any officer or employee of the Department other than the Secretary.

FUNDING OF APPLICATIONS WITH CERTAIN ADJUSTED SCORES.-To the extent feasible based on the availability of appropriations, the Secretary shall fund applications with scores that are adjusted upward under clauses (ii), (iii), and (iv) to equal or exceed the minimum cut off score for the applicable grant competition.

(ii) Between the programs funded under sections 404A through 410 of the Higher Education Act and similar programs funded through other sources.

(d) Project coordination. (1) The Secretary encourages grantees to coordinate project services with other programs for disadvantaged students operated by the grantee institution provided the Student Support Services grant funds are
not used to support activities reasonably available to the general student population.

(2) To the extent practical, the grantee may share staff with programs serving similar populations provided the grantee maintains appropriate records of staff time and effort and does not commingle grant funds.

(3) Costs for special classes and events that would benefit Student Support Services students and participants in other programs for disadvantaged students must be proportionately divided among the benefiting projects.

2. **Intergovernmental Review of Federal Programs**

Intergovernmental Review of Federal Programs was issued to foster an intergovernmental partnership and to strengthen federalism by relying on state and local processes for the coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State’s process under Executive Order 12372. A listing of the Single Point of Contact for each State may be viewed at: [http://www.whitehouse.gov/OMB/grants/spoc.html](http://www.whitehouse.gov/OMB/grants/spoc.html).

3. **Length of New Award**

Applicants for new awards may apply for five years (60 months) of funding.

4. **SSS Program Assurances**

All applications must comply with the SSS Program statutory and regulatory requirements. The assurances are included in the application package. By submitting a SSS Program application, an applicant certifies that it has read the assurances and will fully comply with the requirements.

5. **SSS Program Profile**

All applicants must provide the information requested on this form. The SSS Program Profile form contains standardized objectives. Applicants are required to propose the percentage at which each of the standardized objectives will be attained. On the SSS Profile form, you must fill in the blanks indicating the percentage level of achievement for each of the objectives. An applicant should complete either standardized objective three or four whichever applies to the sector designation of its respective institution. **You may not modify, amend or delete any of these objectives.**

Applicants must copy and paste the SSS Program Profile form into a separate document, or otherwise recreate the page exactly as it appears. Complete the form, save it to your computer and attach it to the *Other Attachments Form* as either a .doc, .rtf or .pdf document. Do not modify or amend the language on the form in any way.
6. Evaluation of Applications for Awards

A panel of three non-federal readers will review each application in accordance with the selection criteria. Each reviewer will prepare a written evaluation of the information presented in the project narrative section of the application and assign points for each selection criterion.

All applications for grants under the SSS Program will be evaluated as new submissions according to the selection criteria listed in the program regulations (34 CFR 646.21).

7. Selection Criteria

The selection criteria in 34 CFR Part 646 are used to evaluate applications. The selection criteria and maximum possible points are included in the application package.

8. Applicant Funding

Applicants should pay close attention to the “Maximum Award” section of the Notice. The Department will reject any application that proposes a budget exceeding the maximum amount specified for the specific project type as indicated in the Notice.

9. Prior Experience

In accordance with 34 CFR 646.22, the Secretary will award prior experience points to applicants that have conducted a TRIO SSS Program project during these fiscal years: 2006-07, 2007-08 and 2008-09. Based on the applicant’s documented experience set forth in the annual performance reports, up to 15 prior experience points will be added to the application’s averaged reader score to determine the total score for each application and the total score will be used in funding decisions as described in the Notice.

10. Selection of Grantees

The Secretary will select an application for funding in rank order, based on the application’s total score for the selection criteria plus any prior experience points earned, pursuant to 34 CFR sections 646.20 through 646.22. If there are insufficient funds for all applications with the same total scores, the Secretary will choose among the tied applications so as to serve geographical areas that have been underserved by the SSS Program.

The Department’s Office of Legislation and Congressional Affairs will inform the Congress regarding applications approved for new SSS Program grants. Successful applicants will receive award notices by mail shortly after the Congress is notified. No funding information will be released before the Congress is notified.

11. Expectations of Successful Grantees

Currently funded projects with remaining outyears on an expiring grant are required to start implementing their new objectives upon receipt of the grant.

The Department reserves the right to request modified measurement objectives for those projects that serve “different populations” to measure the progress of the specific subgroup designated in the
project application after the grant award has been made.

12. **Notice to Unsuccessful Applicants**

Unsuccessful applicants will be notified in writing following the notice to successful applicants.

13. **Annual Performance Report Requirements**

If you receive a FY 2010 new grant award, you will be required to submit annual performance reports during the five-year funding cycle using the Education Department’s on-line function. This on-line system collects data about funded projects to enable program specialists to determine if a grantee is making substantial progress toward meeting approved project objectives.

Part V -- Prior Experience

Prior Experience Objectives and Calculations
For SSS Projects Operating in Project Years
2006-07, 2007-08 and 2008-09

Prior experience is based on the criteria contained in 34 CFR Part 646.22 Prior Experience (PE). PE points will be awarded under the FY 2010 competition to SSS projects that operated during the 2006-07; 2007-08 and 2008-09 program years. All information will be taken from the annual performance report (APR) submission for each project year under consideration.

The SSS PE criteria and point allocations are as follows for each year under consideration:

1. Persistence (maximum of 4 points)
2. Good Academic Standing (maximum of 4 points)
3. Graduation/transfer (maximum of 4 points)
4. Administrative requirements (maximum of 3 points)

Total (maximum of 15 points)

Note: SSS grantees may earn up to a maximum of 15 points for each year assessed. The final PE score is the average of the scores for the three years assessed.

1. Persistence (maximum 4 points) - The extent to which project participants persisted toward completion of the academic program in which they were enrolled at the grantee institution.

Calculation:
• The denominator is the greater of the actual number served or funded number to be served.
• The numerator is the number enrolled in the Fall of the next academic year or graduated and/or transferred from a 2-year to a 4-year institution at the end of the reporting period.

2. Good Academic Standing (maximum 4 points) - The extent to which project participants met academic performance levels required to stay in good academic standing at the grantee institution.

Calculation:
• The denominator is the greater of the actual number served or funded number to be served.
• The numerator is the number in good academic standing, which is based on the responses in the Academic Standing field.
NOTE: Two rates will be calculated based on whether: (1) the grantee served new summer only participants and (2) the grantee tracked and provided information on academic standing. The greater of the two rates is used to determine prior experience.

3. **Graduation/Transfer Completion at grantee institution** (maximum 4 points).

   **For two-year institutions only:** the extent to which project participants graduated and/or transferred to a four-year institution (within three years of first entering the SSS program).

   **Calculation:**
   The denominator is the number of new participants *ONLY*. The numerator is the number of participants who graduated with an associate’s degree, graduated with an associate’s degree and transferred from a 2-year to a 4-year institution, or transferred from a 2-year to a 4-year institution without an associate’s degree within three years of first entry into the SSS project.

   **NOTE:** Because grantees often provided conflicting information in the degree code, multiple fields were used depending on the APR year. In addition to using the degree code and Transfer field (for 2005-06 and beyond), to ascertain degree completion and/or transfer, fields containing information related to degree completion and transfer status such as Current Grade Level, End of Year Enrollment, etc., will also be used.

   **OR**

   **For four-year institutions only:** the extent to which project participants graduated (within six-years of first entering the SSS project).

   **Calculation:**
   For 4-year institutions the denominator is the number of new participants *ONLY*.

   The numerator is the number of participants who graduated with a bachelor’s degree or equivalent within six years of first entering the SSS project.

   **NOTE:** Because grantees often provided conflicting information in the degree code, multiple fields were used depending on the APR year. In addition to using the degree code to ascertain degree completion, fields containing information related to degree completion such as Current Grade Level, End of Year Enrollment, etc., will also be used.
4. **Administrative Requirements (maximum 3 points)** - The extent to which the project has met the administrative requirements at the grantee institution. The conditions for the administrative requirements are as follows:

- The project served the approved funded number of participants (i.e., actual number served must be greater than or equal to the number to be served)
- At least two-thirds of project participants served were low-income and first-generation students, students with disabilities, and/or students with disabilities who are also low-income, and
- At least one-third of project participants with disabilities were also low-income individuals.

**Calculation:**
- If the grantee did not serve any disabled students, then the grantee must meet the first two criteria;
- If the grantee served at least one disabled student, then the grantee must meet all three criteria.
- Fields used: Participant Status and Eligibility.

*The due date for submitting performance reports for these years is now past. No changes or modifications to the information on file with the Department will be accepted.*

**Prior Experience for Successful Applicants Under the FY 2010 Competition**

Please note that the prior experience assessment for applicants successful under the FY 2010 competition will be based on the outcome criteria outlined in section 402A(f)(3)(c) of the HEA. The new outcome criteria for the SSS Program are captured in the standardized objectives included on the SSS Program Profile.

Applicants may use one of the following fonts: *Times New Roman, Courier, Courier New* or *Arial*, only. Applications submitted in any other font (including *Times Roman* and *Arial Narrow*) will not be accepted. Applicants must use a size 12 font or larger or no smaller than 10 pitch.

Include a *Table of Contents*: it will not be counted against the 65-page limit. Appendices and attachments should not be included, as these items will be counted as part of the 65-page limit.

Applicants are encouraged to include an identifying header or footer that contains the applicant’s name and the page numbers. Applicants may use the one-inch (1”) margin at either the top or bottom of each page for this
The Project Narrative Attachment is limited to 65 pages. This section will include the discussion of the selection criteria. The page limit does not apply to:

- Application Face Sheet (Application for Federal Assistance Form – SF 424)
- Table of Contents
- Project Abstract
- Budget Summary Form (ED Form 524)
- SSS Program Profile
- SSS Program Assurances
- Assurances and Certifications
- ED GEPA 427

The Notice contains specific instructions on page limits.

In the Part III -- Project Narrative, the applicant should address the selection criteria in the above order (A-G) because this is the order in which the Technical Review Form is organized. The Technical Review Form is used by the peer reviewers to evaluate applications.

The following guidance may assist you in addressing each of the selection criteria:

(A) **Need:** In responding to this criterion, you must provide data to define the target population in terms of the academic, financial and other problems encountered by eligible project participants which prevent their completing undergraduate programs. Also, you must provide data to demonstrate that the proposed target population has an academic need for project services and is first generation and low income or individuals with disabilities.

(B) **Objectives:** All applicants must include the three appropriate standardized objectives as listed on the SSS Program Profile form. On the Profile form, you must fill in the blanks indicating the percentage level of achievement for each of these objectives. An applicant should complete the standardized objectives as appropriate to the sector designation of its respective institution. **These objectives may not be rewritten, restated or reworded.**

In the Project Narrative, you must address each of the appropriate objectives, and explain how these objectives are ambitious and attainable. Applicants should use comparative data to show why the proposed percentages are ambitious based on information provided in the Need section of the Project Narrative and attainable based on information provided in the Plan of Operation and the resources available to the project. Applicants may add additional objectives, but are not required to do so. Applicants will not receive additional points or penalties for proposing additional objectives.

(C) **Plan of Operation:** This criterion contains five sub-criteria, and applicants must address all five sub-criteria. The application should provide information on who, what, when and how the project will provide services to meet its goals and objectives. In addition, if you are planning grant aid to students, you should include information on the planned coordination between the project office and the Financial Aid Office or Business Office at your institution to assure correctness in the distribution of monies to eligible project participants.
(D) **Institutional Commitment:** Applicants must address all four sub-criteria. In addressing this criterion, the applicant must provide information on its administrative and academic policies, the commitment of facilities, equipment, personnel and other resources; and the planned cooperation and support of key departments such as Admissions, Registrar, data collection and Student Financial Aid. The applicant must also address the financial plan for carrying out the project, including the applicant’s proposed commitment of institutional resources to the SSS participants to minimize the dependence on student loans in developing financial aid packages for project participants by committing institutional resources.

(E) **Quality of Personnel:** Applicants must address all three of the sub-criteria under this criterion. Applicants must identify key personnel and must provide the minimum qualifications for all these key positions. The minimum educational qualifications must include the type of degree required and the acceptable field(s) of study. The type and minimum amount of work-related experience should also be described for each position. In addressing this criterion, you must not provide the qualifications of current staff; you must detail the qualifications required for each position. Please note that if you choose to submit resumes or job descriptions in the application, they will count against the 65 page limit. The “plan to employ personnel who have succeeded in overcoming barriers similar to the target population to be served” must be specific. The inclusion of an equal employment opportunity statement and/or a non-discriminatory employment practices policy alone is not an adequate response to this sub-criterion.

(F) **Budget:** In responding to this criterion, applicants must provide a detailed, itemized budget (Form 524) and a detailed budget narrative for the first-year (2010-2011) budget period only. The budget narrative is a part of the Project Narrative (Part III) to be attached under the budget selection criterion (F). Additional budget instructions are cited in the instructions entitled “First Year Budget and Budget Summary Form (ED Form 524) Instructions” on the following pages. (Note: The budget narrative is counted as part of the 65-page limit for Part III.) If applicant includes a non-Federal financial contribution, please indicate in the budget narrative the length of the financial commitment. This section should provide information that shows that the proposed budget will provide the resources necessary to successfully carry out the proposed project. Applicants should demonstrate here how the proposed resources would enable them to carry out the proposed project in the most cost-effective manner possible.

(G) **Evaluation Plan:** A strong evaluation plan should be included and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The evaluation plan should include benchmarks to monitor progress toward meeting specific project objectives based on the program’s performance indicators. The plan should describe the evaluation design, indicating: (1) what types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports and outcomes will be available; and (7) how the applicant will use the information collected through evaluation to monitor progress of the funded project and to provide accountability information about the success of the project. The use of an outside evaluator is not required.

(Certain Federal agencies may require that this authorization be submitted as part of the application.)
1. **Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. **Novice Applicant.** Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, leave blank.

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. **Human Subjects Research.** (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424”

**Human Subjects Assurance Number.** If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

**Note about Institutional Review Board Approval.** ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

**Paperwork Burden Statement.** According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0017. FOR SF 424

(Attachment to Instructions for Supplemental Information for SF 424)

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the
research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. **If the subjects are children, exemption 2 applies only to research involving educational tests and observations of research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture. II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

### A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

### B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

1. **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

2. **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

3. **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

4. **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

5. **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or
professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check “Other,” specify the name of the Federal agency that issued the approved agreement. (3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section C - Budget Narrative [Attach separate sheet(s)]
Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED’s website at: http://www.ed.gov/fund/grant/apply/appforms/appforms.html. You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement
According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0004. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4651. If you have comments or concerns regarding the status of your individual submission of this form, write directly to (insert program office), U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.
NOTE: Applicants must submit: (1) budget information that categorizes the requested funds (ED Form 524), AND (2) a detailed budget narrative for the first 12-month budget period.

The budget summary is to be included on the Budget Information – Non-Construction Programs (ED Form 524).

The budget narrative, for the first 12-month budget period only (2010-2011), is to be included in the Part III -- Project Narrative (limited to 65 pages and attached to the Project Narrative Attachment) as part of the Budget selection criterion.

This section requests information on the applicant’s financial plan for carrying out the project.

The federal and any non-federal shares are to be included on the Budget Information – Non-Construction Programs (ED Form 524), and in the budget narrative selection criterion discussion in the Project Narrative.

The Department is requesting that you complete the Budget Information – Non-Construction Programs (ED Form 524) for ONLY the 2010-2011 year. It is not necessary to provide a budget summary for the total grant award period requested. The funding level for the first year is stipulated based on the Maximum Award Section of the Notice, and the Department will determine the funding levels for the subsequent years of the grant award.

The Budget Information-Section A – Budget Summary – Non-Construction Programs (ED Form 524) and the budget narrative must include all costs that are allowable, reasonable and necessary for carrying out the objectives of the Student Support Services Program. Among the costs that may be supported with grant funds are:

1. Personnel: On line 1 (ED Form 524), enter only the project personnel salaries and wages. [Fees and expenses for consultants should be included on line 8.] The budget narrative should include the total commitment of time and the total salary to be charged to the project for each key staff member. You should provide a breakdown of project personnel that includes: the position titles; the percent of time and number of months committed to the project for each key staff member; the salary for each key staff member; and the total salary costs to be charged to the grant.

2. Fringe Benefits: On line 2 (ED Form 524), enter the amount of fringe benefits. The institution or agency’s normal fringe benefit contribution may be charged to the project. Leave this blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs. In the budget narrative, include an explanation and appropriate justification if the institution or agency’s normal fringe benefit contribution exceeds 20 percent of salaries.

3. Travel: On line 3 (ED Form 524), provide the travel costs for project personnel and student participants. [Consultants’ travel should be included on line 8.] In the budget narrative, you should detail the proposed travel costs: for each trip explain the purpose and objective of the travel and provide the number of persons traveling. Transportation costs should not exceed tourist class airfare. For automobile mileage, the established institution rate should be used. Reimbursement is allowed for taxicab, bus, train, or limousine transportation. Per diem at the established institution rate is permitted when an individual is
away from home overnight on official project business (see OMB Circular A-21, J.48.c - Commercial Air Travel). No foreign travel will be authorized under the grant.

The Federal TRIO Programs have developed the following guidelines for recommending approval of project personnel’s travel for professional staff. All travel must be related to the project’s overall purpose and proposed activities.

- **Project Director’s Travel – Per Year**
  - A. One National Conference; One Regional Meeting; One State Meeting; and
  - B. Travel for participation in one professional staff development training.

- **Full-time Professional Staff Travel – Per Year**
  - A. One National, Regional, or State Meeting; and
  - B. Travel for staff development under the TRIO Training Program.

4. **Equipment**: On line 4 (ED Form 524), indicate the cost of equipment – non-expendable personal property, which has a usefulness of greater than one year and an acquisition cost of $5,000 or more per unit. [Consistent with an applicant’s policy, a lower dollar amount may be used to define equipment.] In the budget narrative, explain why the requested equipment is necessary to carry out project activities, and include a list of all equipment in the following format: item, quantity, cost per unit, and total cost.

5. **Supplies**: On line 5 (ED Form 524), include the costs of all tangible personal property that was not included as “equipment” on line 4. In the budget narrative, provide an itemized list of the supplies.

6. **Contractual**: Not applicable. Leave blank.

7. **Construction**: Not applicable. Leave blank.

8. **Other**: On line 8 (ED Form 524), indicate all direct costs not covered on lines 1 through 5. The costs/fees for consultants and consultants’ travel should be included here. Examples of “other” costs are: equipment rental, required fees, communication costs, rental of space, utilities, custodial services, and printing costs. In the budget narrative, provide a breakdown of all direct costs not clearly covered by other budget categories.

   Consultants: If the project proposes to use consultants, identify the consultants who will work on the project, the scope of work to be performed by each consultant, and justify why project personnel cannot perform this work. Also, provide a detailed breakdown of the costs (e.g., daily fees to be paid, estimated number of days of services, and all travel expenses, including per diem). Cost allowances for consultant fees, honoraria, per diem, and travel should not exceed amounts permitted by comparable institutional or agency policies.

9. **Total Direct Costs**: On line 9 (ED Form 524), provide the total direct costs requested – the sum of
10. **Indirect Costs**: On line 10 (ED Form 524), provide the amount of indirect costs that you propose to charge against the grant.

All of the grants awarded under the SSS Program (84.042A) are designated as training grants. The Education Department General Administrative Regulations (EDGAR) limit reimbursement to grantees for indirect costs they incur under training grants to the grantee’s actual indirect costs as determined by the grantee’s negotiated indirect cost agreement or a maximum of 8 percent of a modified total direct cost base, whichever is less. (NOTE: This limitation does not apply to State agencies, or local governments, or federally recognized Indian tribal governments. [34 CFR 75.562(c) (2)])

Grantees charging indirect costs to a Department grant are required to have a negotiated rate with their *cognizant agency* (i.e., either the Federal agency from which it has received the most direct funding that is subject to indirect cost support, or a particular agency specifically assigned cognizance by the Office of Management and Budget). Although applicants are not required to submit with their application a copy of their indirect cost agreement to claim the 8 percent rate for funding received in this program, they are required to have documentation available for audit that shows that their negotiated indirect cost rate is at least 8 percent [34 CFR 75.563(d)]. In the event that they receive an award under this program, applicants without a negotiated indirect cost rate with its cognizant agency should seek to identify that agency and contact it to obtain an approved rate as soon as possible after award notification.

Applicants should be aware that amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with a cognizant agency may **not** be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [34 CFR 75.563(c) (3)]

11. **Training Stipends**: On line 11, include any grant funds that you propose to use for Grant Aid to Students (subject to the limitation of 20% of the total grant) on both sections A and B (ED 524). This amount should also be specified in the budget narrative.

12. **Total Costs**: On line 12 (ED Form 524), provide the total amount that you are requesting – the sum of lines 9 and 10. Note: This amount should also be the same as that shown as 18g on the application face sheet (SF 424).

Section 427 of GEPA requires all applicants for new awards to include in their applications a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted programs for students, teachers, and other program beneficiaries with special needs. The provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age.

A general statement of an applicant’s nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

NOTES:

- Applicants for new awards must include information in their applications to address this provision in order to receive funding under this program.
- Applicants are required to address this provision by attaching a statement to the ED GEPA 427
What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2007-2012. This plan reflects the Department’s priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department’s goals, as listed in the plan, are:

Goal 1: Improve student achievement with a focus on bringing all students to grade level in reading and mathematics by 2014, as called for by the No Child Left Behind Act.
Goal 2: Increase the academic achievement of all high school students.
Goal 3: Ensure the accessibility, affordability, and accountability of higher education, and better prepare students and adults for employment and future learning.

What are the performance indicators for the Student Support Services Program?

The performance indicators for the Student Support Services Program are part of the Department’s plan for meeting Goal 3. The SSS Program is part of the Federal TRIO Programs. The overarching goal of the Federal TRIO Programs is “to increase the percentage of low-income and first generation college students who successfully pursue postsecondary education opportunities.

The specific performance indicator for the Student Support Services Program is as follows:

The success of the Student Support Services Program will be measured by the postsecondary persistence and degree completion rates of SSS participants that remain at the grantee institution. All SSS grantees will be required to submit an annual performance report documenting the persistence and degree attainment of their participants. Since, on average, students take four years to complete an Associate’s Degree and six years to complete a Bachelor’s degree, multiple years of performance report data are needed to determine the degree completion rates of SSS participants. The Department of Education will aggregate the data provided in the annual performance reports from all grantees to determine the accomplishment level.

How does the Department of Education determine whether performance goals have been met?

An applicant that receives a grant award will be required to submit annual performance reports as a condition of the award. The reports will document the extent to which project goals and objectives are met.

The most recent version of this program’s annual performance report can be viewed at http://www.ed.gov/about/offices/list/ope/trio/index.html.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such information displays a valid OMB control number. The valid OMB control number
for this information collection is **1840-0117**. The time required to complete this information collection is estimated to average 34 hours for the project director per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** U.S. Department of Education, Washington, D.C. 20202-4651.

If you have comments or concerns regarding the status of your individual submission of the form, **write directly to:** Federal TRIO Programs, U.S. Department of Education, 1990 K Street, N.W., 7th Floor, Washington, D.C. 20006-8510.
Dear Applicant:

Thank you for your interest in applying for a grant under the Student Support Services (SSS) Program. The SSS Program provides grants to institutions of higher education to operate projects that provide opportunities for academic development, assists students with basic college requirements, and serves to motivate students toward the successful completion of their postsecondary education. The goal of SSS is to increase the college retention and graduation rates of its participants.

We are requiring that applications for Fiscal Year (FY) 2010 grants under the SSS Program be submitted electronically using e-Application available through the Department of Education’s (Department) e-Grants system. An applicant who is unable to submit an application through the e-Grants system must submit a written request for a waiver of the electronic submission requirement at least two weeks before the deadline date. Additional information about e-Grants submission requirements is in the Notice Inviting Applications for New Awards (Notice), published in the Federal Register, and in the transmittal instructions which are included in this package.

As a result of the enactment of the Higher Education Opportunity Act in 2008, the Department conducted negotiated rulemaking to engage the community in discussions on regulatory issues that impact the Federal TRIO Programs and other discretionary grant programs. The negotiated rulemaking phase of the process is now complete and the Department is preparing the Notice of Proposed Rulemaking (NPRM). The NPRM will be published in the Federal Register upon completion and the public will be provided an opportunity to comment on the document. However, the NPRM will not be completed by the closing date of the FY 2010 competition. Therefore, any new requirements for successful applicants will be communicated in the letter announcing the results of the competition. Please note the definitional changes for different campuses and different populations which are detailed in the Notice. We urge you to review the entire application package carefully before preparing and submitting your application.

The Notice published in the Federal Register contains specific information governing all of the requirements for applying. You are reminded that the document published in the Federal Register is the official document and that you should not rely upon any information that is inconsistent with the guidance contained within the official document.
Finally, we would like to share with you the importance of ensuring that your application includes a strong evaluation plan. The peer reviewers will be instructed to look closely at the potential of SSS Program applicants to successfully reach their individual project goals which are driven by the performance indicators for the SSS Program. The evaluation plan should not only include formative and summative measures, but also, address the use of appropriate controls and techniques that provide for independent evaluation. The evaluation plan should shape the development of the project from the beginning of the grant period and provide benchmarks for the monitoring of progress and measurement of that progress throughout the grant award period. You should pay close attention to the information provided in the Instructions for the Project Narrative section of this application regarding the development of your evaluation activity.

Thank you for your interest in the SSS Program. We look forward to receiving your application.

Sincerely,

/signed/

Alan Schiff
Acting Deputy Assistant Secretary
for Higher Education Programs

**Indirect Cost Information:** If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office.

(1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked “no,” ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check “Other,” specify the name of the Federal or other agency that issued the approved agreement.

(3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

**Section B - Budget Summary**

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

**Section C - Budget Narrative**

[Attach separate sheet(s)]

Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:

   a. The specific costs or contributions by budget category;
   b. The source of the costs or contributions; and
   c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.
[Please review ED’s general cost sharing and matching regulations, which include specific limitations, in 34 CFR 74.23, applicable to non-governmental entities, and 80.24, applicable to governments, and the applicable Office of Management and Budget (OMB) cost principles for your entity type regarding donations, capital assets, depreciation and use allowances. OMB cost principle circulars are available on OMB’s website at: http://www.whitehouse.gov/omb/circulars/index.html]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants” (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements (“Restricted Rate” programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for “Training grants” or grants under “Restricted Rate” programs, you must refer to the information and examples on ED’s website at: http://www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424
(Assignment to Instructions for Supplemental Information for SF 424)

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are
not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.
If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.
If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

1. **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

2. **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.
(3) **Recruitment and Informed Consent**: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks**: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk**: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained**: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

**NOTE**: The State Applicant Identifier on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).

Section 427 of GEPA

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P. L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.
Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0005. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4537.

Applicants should use this section to address the GEPA provision.
