Dear Applicant:

We are pleased to provide the application package for the fiscal year (FY) 2020 Training Program for Federal TRIO Programs (Training Program) grant competition, which contains the information and instructions needed to submit a complete application to the U.S. Department of Education (Department) through Grants.gov.

The Training Program, through grants administered by institutions of higher education, nonprofit institutions and civic organizations, currently provides professional development to more than 2,695 staff and leadership employed by one of the 3,106 projects funded under the Federal TRIO Programs serving over 803,017 students. The training provided is intended to provide support and a firm basis for the $1,047,029,836 investment the Federal TRIO Programs will spend this year.

The FY 2020 competition contains six absolute priorities and three invitational priorities. The Department will only consider an application that addresses one of the absolute priorities and we sincerely hope applicants will address one, two or all three invitational priorities.

Please review the entire application package carefully before preparing and submitting an application. Additionally, please utilize information on the Training Program that is accessible on the Department’s website at www2.ed.gov/programs/triotrain/index.html.

Lastly, please do not rely upon any information that is inconsistent with the guidance contained within the Federal Register Notice.

Thank you for your interest in the Training Program for Federal TRIO Programs. Should you desire to provide excellent professional development to TRIO staff, we look forward to receiving your application.

Sincerely,

Christopher J. McCaghren, Ed.D.
Deputy Assistant Secretary
Higher Education Programs

____% of Training Participants that, each year, evaluated the training as benefiting them in increasing their knowledge and understanding of the Federal TRIO Programs.

XII. RECOMMENDED PAGE LIMIT

To assist the non-Federal reviewers in conducting a thorough peer review, we recommend that you limit the application narrative, which includes the budget narrative and invitational priorities, to no more than 55 pages and use the standards outlined in the Notice.
XIII. SUBMISSION REQUIREMENTS

Training Program applications for FY 2020 must be submitted electronically using Grants.gov. You are urged to acquaint yourself with the requirements of Grants.gov early as the registration procedures may require 5 or more days to complete. A more thorough discussion is included later in this application package. The requirements for obtaining an exception to the electronic submission requirement are included in the Notice for FY 2020. If you think you may need an exception, you are urged to review the requirements promptly.

Please note that you must submit your application by 11:59:59 p.m., Eastern Time, on or before March 2, 2020, the application deadline date. Late applications will not be accepted. We suggest that you submit your application several days before the deadline. The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date and time.

All attachments must be in .PDF format. Other types of files will not be accepted.

You must provide the DUNS number that was used when your organization registered with the System for Award Management (SAM), formerly Central Contractor Registry (CCR).

XIV. ASSURANCES

All applications must comply with the Training Program legislative and regulatory requirements. The assurances are included in the application package and must be signed by a certifying official. By submitting a Training Program application, an applicant certifies that it has read the assurances and will fully comply with the requirements.

XV. EVALUATION OF APPLICATIONS FOR AWARDS

A panel of three non-Federal reviewers will evaluate each application in accordance with the selection criteria. Each reviewer will prepare a written evaluation of the information presented in the application narrative section of the application. All applications for grants under the Training Program will be evaluated as new submissions according to the selection criteria listed in the program regulations (34 CFR 642).

XVI. SELECTION OF GRANTEES

The selection criteria in 34 CFR 642 are used to evaluate applications.

The Secretary will select applications for funding within each specific priority on the basis of the score received by the application in the peer review process. If there are insufficient funds to fund all applications at the next peer review score, the Secretary will add the PE points awarded under CFR section 642.22 to the peer review score to determine an adjusted total. In the event a tie score still exists, the Secretary will select the applicant that has the greatest capacity to provide training to eligible participants in all regions of the Nation, consistent with 642.23.
Prior Experience: In accordance with 34 CFR 642.22, if applicable, the Secretary will evaluate the applicant’s performance under its expiring Training Program grant for applicants that have conducted a TRIO Training Program grant during the 2018-2020 grant period.

Geographic Distribution of Awards: In accordance with 34 CFR 642.23, the Secretary, to the greatest extent possible, awards grants for Training Program projects that will be carried out in all of the regions of the Nation in order to assure accessibility to prospective training participants.

XVII. NOTIFICATION OF AWARDS

The Department’s Office of Legislation and Congressional Affairs will inform the Congress regarding applications approved for new Training Program grants. Successful applicants will receive award notices through G5 shortly after the Congress is notified. No funding information will be released before the Congress is notified.

Unsuccessful applicants will be notified in writing following the notice to successful applicants.

XVIII. SECOND REVIEW PROCESS

To implement the legislative requirements for a second review of unsuccessful applications, the Department has a two-slate process. After the peer review of applications and the awarding of PE points, as applicable, the Department will rank all applications. The Department then will establish a funding band to determine the percentage of the total funds allotted for the competition that will be set aside for the second review. The determination of the percentage of funds to be reserved for the second review and the applications to be included in the funding band will be based on the distribution of application scores. The funding band will include all applications with a rank-order score that 1) is below the lowest score of applications funded after the first review and 2) would be funded if the Secretary had 150 percent of the funds that were set aside for the second review.

Only applicants whose applications scored within the funding band will be eligible for the second review. In addition, those applicants deemed eligible for the second review will have to provide evidence demonstrating that the Department, an agent of the Department, or a peer reviewer made an administrative or scoring error (as defined in the regulations) in the review of its application. The guidelines and criteria for the second review process are included in the Training Program Regulations (34 CFR 642.25).

Additional information on the Training Program is accessible at the Department’s website at:

XX. **EXPECTATIONS OF SUCCESSFUL GRANTEES**

**Annual Performance Report** - If you receive a FY 2020 new grant award, you will be required to submit an annual performance report (APR) each year of the two-year funding cycle. This APR collects data about funded projects to enable program specialists to determine if a grantee is making substantial progress toward meeting approved project objectives.

Each successful applicant must agree to collect data and maintain records over the course of the grant period. The Department has established the following performance indicators for the Training Program through which the success of the program is measured: (1) the cost-effectiveness, based on the number of TRIO project personnel receiving training each year; (2) the percentage of Training Program participants that, each year, evaluate the training as benefiting them in increasing their qualifications and skills in meeting the needs of disadvantaged students; and (3) the percentage of Training Program participants that, each year, evaluate the training as benefiting them in increasing their knowledge and understanding of the Federal TRIO Programs.

As part of the annual performance report, grantees must report the number of participants served, the name and position of each participant, the TRIO program the participant supports, and the institution of the participant’s project. The Department will collect this and other grant information annually, or twice during the grant period of Training Program grantees.

**Prior Approval** - Additionally, EDGAR, 34 CFR section 74.25, requires grantees to communicate with and obtain approval from the Lead Training Program Specialist when they seek a change in key personnel, the objectives of the project, or the scope of the project, including changes in dates or locations of training sessions. In general, when uncertain, it is always best to communicate with the Lead Training Program Specialist to verify compliance and appropriate grant management.

**Project Directors’ Meeting** - All successful applicants will be required to participate in a Training Program Project Directors’ Meeting in Washington, D.C. in the fall of 2020. The reason for this meeting will be to clarify the purpose of the training under each priority and the expectations that the Department has of its grantees. In the budget section of the application, the applicants should include funds for travel to Washington, D.C. to attend this one-day meeting.

**Coordinating Training** - Successful applicants will be asked to coordinate the dates and locations of the training to be provided with the Lead Training Program Specialist to ensure that training sessions do not overlap and are located and scheduled at times and places that will allow as many participants as possible to attend. Additionally, any necessary changes to the dates or locations must be approved by the Lead Training Program Specialist.

**Training Materials** - FY 2020 Training Program grantees will be asked to share their training materials with the Department at the end of each project year.

**Open Licensing Requirements** - Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is
permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. For additional information on the open licensing requirements please refer to 2 CFR 3474.20(c).

(ii) The equipment and supplies that the applicant plans to use are adequate.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary also may consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

For this competition, a panel of non-Federal reviewers will review each application in accordance with the selection criteria in 34 CFR 642.21. The individual scores of the reviewers will be added
and the sum divided by the number of reviewers to determine the peer review score received in the review process. Additionally, in accordance with 34 CFR 642.22, the Secretary will award prior experience points to eligible applicants by evaluating the applicant’s current performance under its expiring Training Program grant. Pursuant to 34 CFR 642.22(b)(1), if there are insufficient funds to fund all applications with the same peer review score within a particular absolute priority, prior experience points, if any, will be added to the averaged peer review score to determine the total score for each application.

Under section 402A(c)(3) of the HEA, the Secretary is not required to make awards under the Training Program in the order of the scores received.

In the event a tie score still exists after applying prior experience points, the Secretary will select for funding the applicant that has the greatest capacity to provide training to eligible participants in all regions of the Nation in order to assure accessibility to the greatest number of prospective training participants, consistent with 34 CFR 642.20(e).

3. **Risk Assessment and Specific Conditions:** Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the
applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. **Integrity and Performance System**: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in
2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

   If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

   We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Open Licensing Requirements:** Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends
only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.
(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. **Performance Measures**: The success of the Training Program is measured by its cost-effectiveness based on the number of TRIO project personnel receiving training each year; the percentage of Training Program participants that, each year, indicate the training as benefiting them in increasing their qualifications and skills in meeting the needs of disadvantaged students; and the percentage of Training Program participants that, each year, indicate the training as benefiting them in increasing their knowledge and understanding of the Federal TRIO Programs. All grantees will be required to submit an annual performance report documenting their success in training personnel working on TRIO-funded projects, including the average cost per trainee and the trainees’ evaluations of the effectiveness of the training provided. The success of the Training Program also is assessed on the quantitative and qualitative outcomes of the training projects based on project evaluation results.

6. **Continuation Awards**: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement
requirements, the performance targets in the grantee’s approved application.

In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Instructions for Department of Education Supplemental Information for SF 424

1. **Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.

2. **Novice Applicant.** Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

   This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information.

   3a. **If Not Human Subjects Research.** Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

   3a. **If Human Subjects Research.** Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

   3b. **If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

   3b. **If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

3b. **Human Subjects Assurance Number.** If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. (A list of current FWAs is available at: ohrp.cit.nih.gov/search/asearch.asp#ASUR) If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects’ assurance upon request by the designated ED official. If the
application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

**Note about Institutional Review Board Approval.** ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

**No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.**
Definitions:

**Novice Applicant (See 34 CFR 75.225).** For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

**PROTECTION OF HUMAN SUBJECTS IN RESEARCH**

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

---Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

---Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in
such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exemptions are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. **If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.**

**Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by
the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.
If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.
If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.
(6) **Importance of the Knowledge to be Gained**: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

NOTE: The **State Applicant Identifier** on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).
PART II: ED FORM 524

Instructions for ED 524 Budget Summary Form & Itemized Budget

**NOTE:** Applicants must submit: (1) budget information that categorizes the requested funds (ED Form 524), **AND** (2) a detailed budget narrative for the first 12-month budget period.

**The budget summary** is to be included on the Budget Information – Non-Construction Programs (ED Form 524).

**The budget narrative, for the first 12-month budget period only,** is to be included in the Application Narrative (limited to 55 pages (recommended) and attached to the Project Narrative Attachment Form) as part of the Budget selection criterion.

This section requests information on the applicant’s financial plan for carrying out the project.

The federal and any non-federal shares are to be included on the Budget Information – Non-Construction Programs (ED Form 524), and in the Budget selection criterion discussion in the Application Narrative.

The Department is requesting that you complete the Budget Information – Non-Construction Programs (ED Form 524) for ONLY the 2020-2021 year. Please provide a comprehensive and detailed budget narrative for the first 12-month budget period, only.

It is not necessary to provide a budget summary for the total grant period requested. The funding level for the first year is stipulated based on the Maximum Award Section of the Notice, and the Department will determine the funding levels for the subsequent years of the grant award.

The Budget Information-Section A – Budget Summary – Non-Construction Programs (ED Form 524) and the Budget Narrative must include all costs that are allowable, reasonable and necessary for carrying out the objectives of the Training Program. Among the costs that may be supported with grant funds are:

1. **Personnel:** On line 1 (ED Form 524), enter only the project personnel salaries and wages. [Fees and expenses for consultants should be included on line 8.] The budget should include the total commitment of time and the total salary to be charged to the project for each key staff member. You should provide a breakdown of project personnel that includes: the position titles; the percent of time and number of months committed to the project for each key staff member; the salary for each key staff member; and the total salary costs to be charged to the grant.

2. **Fringe Benefits:** On line 2 (ED Form 524), enter the amount of fringe benefits. The institution or agency’s normal fringe benefit contribution may be charged to the program. Leave this blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs. In the budget, include an explanation and appropriate justification if the institution or agency’s normal fringe benefit contribution exceeds 20 percent of salaries.

3. **Travel:** On line 3 (ED Form 524), provide the costs for project personnel. [Consultants’ travel should be included on line 8.] In the budget, you should detail the proposed travel costs -- for each trip explain the purpose and objective of the travel and provide the number of persons traveling. Transportation costs should not exceed tourist class airfare. For automobile mileage, the established institution or agency rate should be used. Reimbursement is allowed for taxicab, bus, train, or
limousine transportation. Per diem at the established institution or agency rate is permitted when an
individual is away from home overnight on official project business (see OMB Circular A-21, J.48.c -
Commercial Air Travel). No foreign travel will be authorized under the grant.

The Federal TRIO Programs have developed the following guidelines for recommending approval of travel. All travel must be related to the project’s overall purpose and proposed activities.

**Project Director’s Travel – Per Year**

One National Conference;
One Regional Meeting;
One State Meeting; and
Travel for participation in the TRIO Training Project Directors’ Meeting in the fall of 2020.

**Project Staff Travel – Per Year**

One National, Regional, or State Meeting; and
Travel for participation in one professional staff development training opportunity under the TRIO Training Program.

4. **Equipment:** On line 4 (ED Form 524), indicate the cost of equipment -- non-expendable personal property, which has a usefulness of greater than one year and an acquisition cost of $5,000 or more per unit. [Consistent with an applicant’s policy, a lower dollar amount may be used to define equipment.] In the budget, explain why the requested equipment is necessary to carry out project activities, and include a list of all equipment in the following format: item, quantity, cost per unit, and total cost.

5. **Supplies:** On line 5 (ED Form 524), include the costs of all tangible personal property that was not included as “equipment” on line 4. In the budget, provide an itemized list of the supplies.

6. **Contractual:** Not applicable. Leave blank.

7. **Construction:** Not applicable. Leave blank.

8. **Other:** On line 8 (ED Form 524), indicate all direct costs not covered on lines 1 through 5. The costs/fees for consultants and consultants’ travel should be included here. Examples of “other” costs are: equipment rental, required fees, communication costs, rental of space, utilities, custodial services, and printing costs. In the budget, provide a breakdown of all direct costs not clearly covered by other budget categories.

Consultants: If the project proposes to use consultants, identify the consultants who will work on the project, the scope of work to be performed by each consultant, and justify why project personnel cannot perform this work. Also, provide a detailed breakdown of the costs (daily fees to be paid, estimated number of days of services, and all travel expenses, including per diem). Cost allowances for consultant fees, honoraria, per diem, and travel should not exceed amounts permitted by comparable institutional or agency policies.

9. **Total Direct Costs:** On line 9 (ED Form 524), provide the total direct costs requested – the sum of lines 1 through 8.
10. **Indirect Costs:** On line 10 (ED Form 524), provide the amount of indirect costs that you propose to charge against the grant.

All grants awarded under the Training Program (84.103A) are designated as training grants. The Education Department General Administrative Regulations (EDGAR) limits reimbursement to grantees for indirect costs they incur under training grants to the grantee’s actual indirect costs as determined by the grantee’s negotiated indirect cost agreement or a maximum of 8 percent of a modified total direct cost base, whichever is less. (NOTE: This limitation does not apply to State agencies, or local governments, or federally recognized Indian tribal governments. [§75.562(c) (2)])

A modified total direct cost base is defined as total direct costs, less stipends, tuition and related fees, and capital expenditures of $5,000 or more per unit. Therefore, calculations of indirect costs may not include cost of equipment, stipends, tuition and related fees, room and board and summer non-residential meals associated with the Training Program.

Grantees charging indirect costs to a Department grant are required to have a negotiated rate with their **cognizant agency** (i.e., either the Federal agency from which it has received the most direct funding that is subject to indirect cost support, or a particular agency specifically assigned cognizance by the Office of Management and Budget). Although applicants are not required to submit with their application a copy of their indirect cost agreement to claim the 8 percent rate for funding received in this program, they are required to have documentation available for audit that shows that their negotiated indirect cost rate is at least 8 percent [§75.563(d)]. In the event that they receive an award under this program, applicants without a negotiated indirect cost rate with its cognizant agency should seek to identify that agency and contact it to obtain an approved rate as soon as possible after award notification.

Applicants should be aware that amounts representing the difference between the 8 percent rate and a greater indirect cost rate negotiated with a cognizant agency may **not** be charged to direct cost categories, used to satisfy matching or cost-sharing requirements, or charged to another Federal award. [§75.563(c) (3)]

11. **Training Stipends:** Not applicable. Leave blank.

12. **Total Costs:** On line 12 (ED Form 524), provide the total amount that you are requesting – the sum of lines 9 and 10. Note: This amount should also be the same as that shown in 18g on the application face sheet (SF 424) and on the detailed budget narrative in Part III.
Applications will be evaluated according to the specific selection criteria specified in the Notice. Applicants must address the selection criteria in the Application Narrative.

The Secretary evaluates an application on the basis of the criteria outlined in 34 CFR section 642.21 of the Training Program regulations. The Application Narrative should provide, in detail, the information that addresses each selection criterion. To facilitate the review of the application, provide responses to the selection criteria in the order shown below.

As you develop your application, we ask you to consider carefully the specific content of the training that you will provide through your curriculum and the expertise and knowledge expected of the trainers. We will look for high quality training that includes opportunities for the participants to gain knowledge, skills, and resources that support the goals of the specific priority. While we are not requiring that you provide on-line training, we encourage applicants to consider including on-line training sessions. As appropriate for the specific priority, trainers should have knowledge and expertise in serving students with backgrounds similar to TRIO-eligible students as well as success in training adults. You will find more information on the selection criteria and application review process in this packet and in the Notice.

The Secretary awards up to 75 points for these criteria. The maximum possible score for each of the selection criteria is indicated in parenthesis.

1. Plan of Operation (20 points)
2. Quality of Key Personnel (20 points)
3. Budget and Cost Effectiveness (10 points)
4. Evaluation Plan (10 points)
5. Adequacy of Resources (15 points)

**TOTAL MAXIMUM SCORE FOR SELECTION CRITERIA IS 75 POINTS**

The following guidance may assist you in addressing each of the selection criteria:

**Plan of Operation**: This part of the application should provide information on who, what, when and how the project will provide services to meet its goals and objectives. See the discussion on the absolute priorities for more information on addressing this criterion.

**Quality of Key Personnel**: The minimum qualifications must be identified for all project personnel positions. The minimum educational qualifications should include the type of degree required and the acceptable field(s) of study for each key position. The type and minimum amount of work-related experience should also be described for each position. Potential staff for the project must have documented knowledge and expertise in serving TRIO-
eligible students as well as documented knowledge and expertise in training adults. Applicants should not give the qualifications of specific people that they plan to employ but rather should give the qualifications required for the positions.

**Budget:** In response to this criterion, applicants must provide a detailed, itemized budget (ED Form 524) and a detailed budget narrative only for the first-year budget period. The budget narrative is to be included in the Application Narrative. Additional budget instructions are cited in the instructions entitled “Instructions for the Budget Summary and Itemized Line Item Budget (ED Form 524).”

**Evaluation Plan:** A strong evaluation plan should be included and used, as appropriate, to shape the development of the project from the beginning of the grant period. The evaluation plan should include benchmarks to monitor progress toward meeting specific project objectives based on the program’s performance indicators. Specifically, the plan should identify the individual or organization that has agreed to serve as evaluator for the project and describe the qualifications of the evaluator. The plan should describe the evaluation design, indicating: (1) what types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports and outcomes will be available; and (7) how the applicant will use the information collected through evaluation to monitor progress of the funded project and to provide accountability information both about success at the initial training site and effective strategies for replication in other settings. Applicants are encouraged to devote an appropriate level of resources to project evaluation. The use of an outside evaluator is not required.

**Adequacy of Resources:** This section should provide information that shows that the proposed budget will provide the resources necessary to successfully carry out the proposed training. Applicants should demonstrate here how the proposed resources would enable them to carry out the planned training sessions in the most cost-effective manner possible.
ABSOLUTE PRIORITIES

The Department will fund projects under the Training Program that provide training for the staff and leadership personnel employed by, participating in, or preparing for employment in projects funded under the Federal TRIO Programs. The Secretary has identified the content of the training to be held under the following six absolute priorities for this competition.

Applicants should indicate the priority number under which they are applying in Box 15, “Descriptive Title of Applicant’s Project,” of the SF 424. Example: “Priority 1.” This will ensure that the reviewers clearly know under which priority an application should be considered.

Note:
1) Applicants must identify and provide the position requirements and qualifications of experts who have proven knowledge and expertise in serving TRIO-eligible students, and in training adults.
2) Applicants must show evidence of having researched and identified training methods for adults that have had proven success.
3) Applicants must demonstrate how they will meet the objectives set forth in the Part III-A Training Program Profile form.

Absolute Priority 1:

Training to improve reporting of student and project performance and the evaluation of project performance in order to design and operate a model project funded under the Federal TRIO Programs.

Training conducted under this priority must emphasize and support the importance of using project data to improve project performance. Applicants must explain how they will assist participants to develop procedures to: collect data that will meet the program-specific standardized objectives; analyze the data; report the data to the Department; evaluate the project through the data; and use the information gained from the data to improve the project’s success in meeting its program-specific objectives.

Recordkeeping and Reporting

- Applicants must have a working knowledge of the program-specific objectives for every TRIO Program in order to assist participants with identifying effective ways to collect, record and analyze the data that will serve to meet these objectives.
- The training must provide TRIO personnel with effective strategies for reporting student and project performance to the Department.
- Applicants must have a working knowledge of the Department’s performance reporting requirements for each TRIO program.
**Evaluation**

- The training must provide TRIO personnel with information and resources on how to conduct a formative and summative evaluation in order to improve the performance of the project staff and the project as a whole.

---

**Absolute Priority 2:**

**Training on budget management and the statutory and regulatory requirements for operation of projects funded under the Federal TRIO Programs.**

Applicants must understand how the TRIO legislation, regulations, Departmental policies and the Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, commonly called "Uniform Guidance," that was implemented in December 2014 should shape a TRIO project’s budget and program management practices. Training conducted under this priority must provide participants with an understanding of the connection between program management and operation and the legislative and regulatory requirements governing the TRIO projects.

**Budget Management**

- Applicants must emphasize how to develop and improve budget management through internal controls and financial management with special emphasis placed on the relevant OMB Circulars. Training must cover the checks and balances designed to ensure that grant funds are used only for eligible expenses and that no one person controls the authorization and disbursement of grant funds. Training must also cover the conflict of interest provisions and the grantee’s obligations as a fiduciary agent.

**Legislative and Regulatory Requirements**

- Applicants must have a working knowledge of the legislation and regulations that govern the TRIO Programs, including the Education Department General Administrative Regulations (EDGAR), OMB Circulars, and policy statements issued by the Department. Applicants should propose training that will provide participants with examples of practical applications of the governing rules for each TRIO program and the TRIO programs as a whole. Emphasis should be placed on:
  - Providing a history of the legislative purpose of TRIO programs in order to highlight the importance of adherence to the authorizing legislation and regulations;
  - Determining student/participant eligibility;
  - Understanding the difference between allowable and non-allowable costs;
  - Learning how to prevent and resolve audit disputes; and
  - Examining ways to coordinate TRIO projects with other programs for disadvantaged students.

- Applicants may propose to conduct training for institutional teams in order to assist them in understanding the legislation and regulations governing the TRIO programs. Team training should ensure that institutional representatives from other departments at the host institutions and agencies, along with the TRIO project directors and staff, understand the expectations, rights, and responsibilities of the institutions and agencies that agree to sponsor TRIO grants.
**Absolute Priority 3:**

Training on assessment of student needs; retention and graduation strategies; and the use of appropriate educational technology in the operation of projects funded under the Federal TRIO programs.

Applicants must propose training that will provide TRIO personnel with proven strategies for assessing students’ needs, retaining students, and for supporting them through graduation at the secondary and postsecondary levels. Training must include substantive information on the use of educational technology as a project strategy to serve TRIO students and meet the goals of retention and graduation.

*Needs Assessment*

- Training must teach the participants how to assess the needs of their student project participants, and how to tailor counseling and support to the specific needs of these students.

*Retention and Graduation Strategies*

- Applicants must emphasize the importance of strategies that take into account the diverse cultural backgrounds of TRIO student participants, and the training must take into consideration the diverse needs of these students.
- Applicants must show that the identified strategies have proven results in supporting TRIO projects with demonstrated growth in student participants’ retention and graduation rates.

*Educational Technology*

- Applicants must address different ways that TRIO personnel can use technology to both manage their projects and provide services to students, with an emphasis on services that utilize educational technology.
- Applicants must have a proven track record of providing training in educational technology and the proven ability to tailor training to participants’ varied skill levels and knowledge.

**Absolute Priority 4:**

Training on assisting students in receiving adequate financial aid from programs assisted under title IV of the HEA and from other programs, on college and university admissions policies and procedures, and on supporting instruction in personal financial literacy, knowledge of markets and economics, knowledge of higher education financing and repayment (e.g., college savings and student loans), or other skills aimed at building personal financial understanding and responsibility.

Applicants must address how they will train TRIO project staff and leadership personnel to understand and obtain the information and skills needed to assist student participants in obtaining adequate student financial aid. Applicants must demonstrate their understanding of college and university entrance requirements – including the requirements for student transfer from 2-year to 4-year institutions and for entrance into graduate school. Applicants must provide evidence that they have experience in developing strategies to improve the financial and economic literacy of students. The Department is especially interested in applicants that have proven experience and knowledge regarding how to meet the needs of, and how to help create opportunities for, non-traditional students.
**Student Financial Aid**

- Training under this priority must give particular attention to how projects can work with financial aid offices to provide students sufficient financial assistance to meet their full financial need while limiting the students’ loan burden to a manageable level.
- Applicants must be able to train participants on the appropriate use of the grant aid provision in the Student Support Services Program.

**Admissions Policies and Procedures**

- Training must demonstrate proven strategies to provide TRIO project personnel a working knowledge and understanding of the variety of college and university admissions policies and procedures. The training must also provide information and skills that will allow TRIO project personnel to access the policies and procedures of different institutions, and also allow them to best help TRIO students navigate these diverse processes.
- Applicants must provide evidence that they have proven strategies to enable TRIO staff and leadership personnel to provide student participants with assistance in applying for and gaining admission to college and universities – including transfer from a 2-year to a 4-year institution of higher education, and admission to graduate school.
- Applicants should give attention to how projects can help a student interested in enrolling in a graduate program to secure graduate fellowships or assistantships.

**Financial and Economic Student Literacy**

- Applicants should demonstrate how they will provide TRIO project personnel with proven methodologies for improving the TRIO student participants’ financial and economic literacy.
- Applicants should show that they have a proven track record in providing training in personal financial management, including basic personal income, household money management, financial planning skills and basic economic decision-making skills.

Applicants must propose training that will provide TRIO project personnel with proven strategies for recruiting and serving students from hard to reach populations. Training must include substantive information on developing outreach programs to recruit these students and methodologies for serving these students.

**Recruitment**

- Applicants must provide TRIO staff and leadership personnel with proven strategies to develop programs to recruit hard to reach student populations.
- Applicants must show that they have a proven track record of providing training on effective strategies for recruiting hard to reach populations for educational services.
Service

- Applicants must have a working knowledge and proven track record of methodologies and strategies designed to provide educational services to hard-to-reach student populations.
- Applicants must provide evidence that they have proven strategies to enable TRIO staff and leadership personnel to provide services designed specifically for students from hard to reach populations.

**Absolute Priority 6:**

Training on general project management for new project directors who have been in their positions less than two years, including training on the content of absolute priorities one through five. The training should provide new directors with the basic tools required to be a successful TRIO project director.

- Applicants must have a working knowledge of the program-specific objectives for every TRIO Program in order to assist participants with identifying effective ways to collect, record and analyze the data that will serve to meet these objectives.
- Applicants must have a working knowledge of the Department’s performance reporting requirements for each TRIO program and provide effective strategies for collecting and maintaining the information needed for reporting student and project performance to the Department.
- The training must provide new directors with information and resources on how to conduct a formative and summative evaluation in order to improve the performance of the project staff and the project as a whole.
- Applicants must emphasize how to develop and improve budget management through internal controls and financial management with special emphasis placed on the relevant OMB Circulars. Training must cover the checks and balances designed to ensure that grant funds are used only for eligible expenses and that no one person controls the authorization and disbursement of grant funds. Training must also cover the conflict of interest provisions and the grantee’s obligations as a fiduciary agent.
- Applicants must have a working knowledge of the legislation and regulations that govern the TRIO Programs, including the Education Department General Administrative Regulations (EDGAR), OMB Circulars, and policy statements issued by the Department. Applicants should propose training that will provide participants with examples of practical applications of the governing rules for each TRIO program and the TRIO programs as a whole. ED 80-0013 06/04
Disclosure of Lobbying Activities (SF-LLL)

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.
To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

**Estimated Burden Statement for GEPA Requirements**

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1894-0008. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4537.
Application Submission Procedures

Application Submission Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs (Common Instructions), published in the Federal Register on February 13, 2019 (84 FR 3768). The Common Instructions contain requirements and information on how to submit an application. These instructions may be found at:

It's important to note that the Department of Education requires the electronic submission of applications and only allows paper submission by mail if electronic submission is not possible (e.g., you do not have access to the internet). Applicants requesting and qualifying for an exception to the electronic submission requirement must follow the guidance provided in the Common Instructions.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

Electronic Submission of Applications:

You must submit your grant application through the Internet using the software provided on the Grants.gov Web site (www.grants.gov) by 11:59:59 p.m., Eastern Time, on or before March 2, 2020.

If you submit your application through the Internet via the Grants.gov Web site, you will receive an automatic acknowledgement when we receive your application.

For more information on using Grants.gov, please refer to the Grants.gov information found in this application package and visit www.grants.gov.

Submission of Paper Applications by Mail:

If you qualify for an exemption to the electronic submission requirement and you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: CFDA Number 84.103A
LBJ Basement Level 1
400 Maryland Avenue, SW
Washington, DC  20202-4260

You must show proof of mailing consisting of one of the following:

1. A legibly dated U.S. Postal Service postmark.
2. A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
(3) A dated shipping label, invoice, or receipt from a commercial carrier.
(4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

An applicant should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

Special Note: Due to potential disruption to normal mail delivery, the Department encourages you to consider using an alternative delivery method (for example, a commercial carrier, such as Federal Express or United Parcel Service; U.S. Postal Service Express Mail; or a courier service) to transmit your application for this competition to the Department. If you use an alternative delivery method, please obtain the appropriate proof of mailing under “Applications Delivered by Mail,” and then follow the instructions for “Applications Delivered by Hand.”

**Note for Mailing of Paper Applications:**

If you mail your application to the Department—

1. You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

2. The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

**Late Applications**

If your application is late, we will notify you that we will not consider the application.
Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: www.grants.gov/web/grants/applicants/applicant-faqs.html#browser.

ATTENTION – Workspace, Adobe Forms and PDF Files Required

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: www.grants.gov/web/grants/applicants/workspace-overview.html.

1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.

2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

a. Adobe Reader: If you decide not to apply by filling out web forms, you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: www.grants.gov/web/grants/applicants/adobe-software-compatibility.html.
b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.

3) Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the closing date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to www.grants.gov/web/grants/applicants/applicant-training.html.

Helpful Reminders

1) REGISTER EARLY – Grants.gov registration involves many steps including prior registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: www.grants.gov/web/grants/register.html. [Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html.

2) SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 11:59:59 p.m., Eastern Time, on the deadline date.
Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) VERIFY SUBMISSION IS OK – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m., Eastern Time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 11:59:59 p.m., Eastern Time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants.

If electronic submission is required, you must submit an electronic application before 11:59:59 p.m., Eastern Time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)
Helpful Hints When Working with Grants.gov

Please go to www.grants.gov/web/grants/support.html for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: www.grants.gov/web/grants/applicants/applicant-faqs.html as well as additional information on Workspace at www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants only include read-only, flattened .PDF files in their application:

• Ensure that you attach PDF files only for any attachments to your application, and they must be in a read-only, flattened format. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
• Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
• When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
• Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.
Common Instructions for Applicants to Department of Education Discretionary Grant Programs

DEPARTMENT OF EDUCATION

Common Instructions for Applicants to Department of Education Discretionary Grant Programs

AGENCY: Office for Planning, Evaluation and Policy Development, Department of Education.

ACTION: Notice; revised common instructions.

SUMMARY: On February 12, 2018, the Department of Education (Department) published a set of common instructions for applicants seeking funds under a Department discretionary grant competition as part of a broader effort to reduce barriers for applicants. These common instructions are referenced in individual competition notices inviting applications (NIAs). In this notice, we are publishing a revised version of the common instructions that supersedes the version published on February 12, 2018.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll-free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Background: This document provides applicants with a centralized and up-to-date set of instructions for applying to the Department’s discretionary grant programs. Future NIAs will reference this document in lieu of providing this series of instructions within each NIA. Rarely, exceptions will need to be made to these instructions and will be noted in an individual competition NIA.

Revised Common Instructions: The Department is making several changes to the common instructions for applicants provided in the notice published in the Federal Register on February 12, 2018 (83 FR 6065). First, in section four, Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management, we are adding a sentence above the Note that clarifies that applicants who are unable to submit an application via Grants.gov by the application deadline, because their System for Award Management (SAM) registration is not active, will not be considered for funding.

Second, in section 5(a), under Other Submission Requirements – Electronic Submission of Applicants and Application Deadline Data Extension in Case of Technical Issues with the Grants.gov System, we are changing, in three places, the time of the application deadline from 4:30:00 p.m., Eastern Time, to 11:59:59 p.m., Eastern Time. We are making these changes so that applicants not located in the Eastern Time will have a full business day to submit their applications before the deadline passes. We are also adding a sentence notifying applicants that assistance from Principal Office staff is available until 5:00 p.m. Eastern Time on the application deadline date.

Lastly, we are revising the instructions for submitting an application electronically, under section 5, Other Submission Requirements, so that applications can be submitted using Microsoft Word. We are making this change to provide greater flexibility for applicants to submit an acceptable application for review; however, we recommend that applicants submit all documents as read-only flattened PDFs.

The revised common instructions are set forth as follows:

1. Address to Request Application Package: You can obtain an application package from the Department’s website or Grants.gov.

To obtain a copy via the Department’s website, use the following address: www.ed.gov/fund/grant/apply/grantapps/index.html.

2. Content and Form of Application Submission: Requirements concerning the content and form of an application, together with the forms you must submit, are in the application package for the program.

3. Submission Dates and Times: Submit applications for grants under the program electronically using Grants.gov. For information (including dates and times) about how to submit your application electronically, please refer to Other Submission Requirements in section 5 of these instructions.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed in the FOR FURTHER INFORMATION CONTACT section in the competition NIA. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in the competition NIA.

4. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department, and to submit your application electronically using Grants.gov, you must:

   a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
   b. Register both your DUNS number and TIN with the System for Award Management (SAM.gov), the Government’s primary registrant database;
   c. Provide your DUNS number and TIN on your application; and
   d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following website: http://fedgov.dnb.com/webform. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service (IRS). If you are an individual, you can obtain a TIN from the IRS or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM.gov database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We recommend that you register early.

If you are unable to submit an application on Grants.gov by the application deadline because you do not have an active SAM registration, you will not be considered for funding.

Note: Once your SAM.gov registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, Grants.gov.

If you are currently registered with SAM.gov, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Note: You must update your SAM registration annually. This may take three or more business days.

65
Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM.gov or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: http://www2.ed.gov/fund/grant/apply/sam-faqs.html.

In addition, in order to submit your application via Grants.gov, you must (1) register as an applicant using your DUNS number and (2) be designated by your organization’s E-Biz Point of Contact as an Authorized Organization Representative (AOR). Details on these steps are outlined at the following Grants.gov web page: https://www.grants.gov/web/grants/register.html.

We are participating as a partner in the Government-wide Grants.gov site. Submit applications electronically using Grants.gov and do not email them unless explicitly allowed in a competition NIA.

A Grants.gov applicant must apply online using Workspace, a shared environment where members of a grant team may simultaneously access and edit different web forms within an application. An applicant can create an individual Workspace for each application and establish for that application a collaborative application package that allows more than one person in the applicant’s organization to work concurrently on an application.

The Grants.gov system also enables the applicant to reuse forms from previous submissions, check them in and out to complete them, and submit the application package. For access to further instructions on how to apply using Grants.gov, refer to: www.grants.gov/web/grants/applicants/apply-for-grants.html.

You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.184, not 84.184D).

Please note the following:
- Applicants needing assistance with Grants.gov may contact the Grants.gov Support Center either by calling 1–800–518–4726 or by sending an email to support@grants.gov. The Grants.gov Support Center is available 24 hours a day, seven days a week, except for Federal holidays. Applicants needing assistance from Principal Office staff with their applications should contact the person listed in the FOR FURTHER INFORMATION CONTACT section in the competition NIA during normal business hours and no later than 5:00 p.m., Eastern Time, on the application deadline date.
  - The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your internet connection. Therefore, we recommend that you leave yourself plenty of time to complete your submission.
  - Applications received by Grants.gov are date- and time-stamped upon submission. Your application must be fully uploaded and submitted and must be date- and time-stamped by the Grants.gov system no later than 11:59:59 p.m., Eastern Time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date- and time-stamped by the Grants.gov system—after 11:59:59 p.m., Eastern Time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was late. Receipt of a date- and time-stamp does not mean that your application meets program eligibility requirements described in the application package.
  - You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for the program to ensure that you submit your application on time. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at www.G5.gov. In addition, for specific guidance and procedures for submitting an application through Grants.gov, please refer to the Grants.gov website at: www.grants.gov/web/grants/applicants/apply-for-grants.html.
  - When you submit your application electronically, all documents must be submitted in this manner, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
  - When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. Although applicants have the option of uploading any narrative sections and all other attachments to their application in either PDF or Microsoft Word, we recommend applicants submit all documents as read-only flattened PDFs, meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files. To better ensure applications are processed in a more timely, accurate, and efficient manner. If you choose to submit your application in Microsoft Word, you may do so using any version of Microsoft Word (i.e., a document ending in a .doc or .docx extension). If you upload a file type other than PDF or Microsoft Word or if you submit a password-protected file, we will be unable to review that material. Please note that this will likely result in your application not being considered for funding. The Department will not convert material from other formats to PDF or Microsoft Word.
  - After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. Grants.gov also will notify you automatically by email if your application met all of the Grants.gov validation requirements or if there were any errors (such as submission of your application by someone other than a registered AOR, issues with your DUNS number, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of your application.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application from Grants.gov and send you an email with a unique PR/Award number for your application.

Email confirmations and receipts from Grants.gov do not indicate receipt by the Department, nor do they mean that your application is complete or has met all application requirements. While your application may have been successfully validated by Grants.gov, it also must be reviewed in accordance with the Department’s application requirements as specified in the competition NIA and in these application instructions. It is your responsibility to ensure that your submitted application has met all of the Department’s requirements.

Additionally, we may request that you provide us original signatures on forms at a later date.
Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you experience problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk immediately, toll-free, at 1–800–518–4726. The Grants.gov Support Center will provide you with a Support Desk Case Number documenting your communication. You must return your Support Desk Case Number for future reference as proof of your communication with the Support Center. Please subsequently contact the person listed in the FOR FURTHER INFORMATION CONTACT section in the competition NIA and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number.

(b) RECIPIENTS, DURATION, AND SIZE.—

(1) RECIPIENTS.— For the purposes described in subsection (a), the Secretary is authorized, without regard to section 3709 of the Revised Statutes (41 U.S.C. 5), to make grants to, and contracts with, institutions of higher education, public and private agencies and organizations, including community-based organizations with experience in serving disadvantaged youth, combinations of such institutions, agencies and organizations, and secondary schools, for planning, developing, or carrying out one or more of the services assisted under this chapter.

(2) DURATION.— Grants or contracts made under this chapter shall be awarded for a period of 5 years, except that—

(A) in order to synchronize the awarding of grants for programs under this chapter, the Secretary may, under such terms as are consistent with the purposes of this chapter, provide a one-time, limited extension of the length of such an award;

(B) grants made under section 402G shall be awarded for a period of 2 years; and

(C) grants under section 402H shall be awarded for a period determined by the Secretary.

(3) MINIMUM GRANTS. -- Unless the institution or agency requests a smaller amount, an individual grant authorized under this chapter shall be awarded in an amount that is not less than $200,000, except that an individual grant authorized under section 402G shall be awarded in an amount that is not less than $170,000.
(c) PROCEDURES FOR AWARDING GRANTS AND CONTRACTS. —

(2) CONSIDERATIONS. --

(A) PRIOR EXPERIENCE. -- In making grants under this chapter, the Secretary shall consider each applicant’s prior experience of high quality service delivery, as determined under subsection (f), under the particular program for which funds are sought. The level of consideration given the factor of prior experience shall not vary from the level of consideration given such factor during fiscal years 1994 through 1997, except that grants made under section 402H shall not be given prior experience consideration.

(B) PARTICIPANT NEED. -- In making grants under this chapter, the Secretary shall consider the number, percentages, and needs of eligible participants in the area, institution of higher education, or secondary school to be served to aid such participants in preparing for, enrolling in, or succeeding in postsecondary education, as appropriate to the particular program for which the eligible entity is applying.

(3) ORDER OF AWARDS; PROGRAM FRAUD. —

(A) Except with respect to grants made under sections 402G and 402H and as provided in subparagraph the Secretary shall award grants and contracts under this chapter in the order of the scores received by the application for such grant or contract in the peer review process required under paragraph (4) and adjusted for prior experience in accordance with paragraph (2) of this subsection.

The Secretary, in the case of an entity that is continuing to operate a successful program under this chapter, shall ensure that the startup date for a new grant or contract for such program immediately follows the termination of the preceding grant or contract so that no interruption of funding occurs for such successful reapplicants. (c) The Secretary designates one or more of the training priorities from paragraph (a) of this section in the Federal Register Notice inviting applications for the competition.
§ 642.25  What is the review process for unsuccessful applicants?

(a) Technical or administrative error for applications not reviewed. (1) An applicant whose grant application was not evaluated during the competition may request that the Secretary review the application if—

(i) The applicant has met all of the application submission requirements included in the Federal Register notice inviting applications and the other published application materials for the competition; and

(ii) The applicant provides evidence demonstrating that the Department or an agent of the Department made a technical or administrative error in the processing of the submitted application.

(2) A technical or administrative error in the processing of an application includes—

(i) A problem with the system for the electronic submission of applications that was not addressed in accordance with the procedures included in the Federal Register notice inviting applications for the competition;

(ii) An error in determining an applicant’s eligibility for funding consideration, which may include, but is not limited to—

(A) An incorrect conclusion that the application was submitted by an ineligible applicant;

(B) An incorrect conclusion that the application exceeded the published page limit;

(C) An incorrect conclusion that the applicant requested funding greater than the published maximum award; or

(D) An incorrect conclusion that the application was missing critical sections of the application; and

(iii) Any other mishandling of the application that resulted in an otherwise eligible application not being reviewed during the competition.

(3)(i) If the Secretary determines that the Department or the Department's agent made a technical or administrative error, the Secretary has the application evaluated and scored.

(ii) If the total score assigned the application would have resulted in funding of the application during the competition and the program has funds available, the Secretary funds the application prior to the re-ranking of applications based on the second peer review of applications described in paragraph (c) of this section.
(b) Administrative or scoring error for applications that were reviewed. (1) An applicant that was not selected for funding during a competition may request that the Secretary conduct a second review of the application if—

(i) The applicant provides evidence demonstrating that the Department, an agent of the Department, or a peer reviewer made an administrative or scoring error in the review of its application; and

(ii) The final score assigned to the application is within the funding band described in paragraph (d) of this section.

(2) An administrative error relates to either the PE points or the scores assigned to the application by the peer reviewers.

(i) For PE points, an administrative error includes mathematical errors made by the Department or the Department’s agent in the calculation of the PE points or a failure to correctly add the earned PE points to the peer reviewer score.

(ii) For the peer review score, an administrative error is applying the wrong peer reviewer scores to an application.

(3)(i) A scoring error relates only to the peer review process and includes errors caused by a reviewer who, in assigning points—

(A) Uses criteria not required by the applicable law or program regulations, the Federal Register notice inviting applications, the other published application materials for the competition, or guidance provided to the peer reviewers by the Secretary; or

(B) Does not consider relevant information included in the appropriate section of the application.

(ii) The term “scoring error” does not include—

(A) A peer reviewer’s appropriate use of his or her professional judgment in evaluating and scoring an application;

(B) Any situation in which the applicant did not include information needed to evaluate its response to a specific selection criterion in the appropriate section of the application as stipulated in the Federal Register notice inviting applications or the other published application materials for the competition; or

(C) Any error by the applicant.

(c) Procedures for the second review. (1) To ensure the timely awarding of grants under the competition, the Secretary sets aside a percentage of the funds allotted for the competition to be awarded after the second review is completed.

(2) After the competition, the Secretary makes new awards in rank order as described in §642.20 based on the available funds for the competition minus the funds set aside for the second review.
(3) After the Secretary issues a notification of grant award to successful applicants, the Secretary notifies each unsuccessful applicant in writing as to the status of its application and the funding band for the second review and provides copies of the peer reviewers’ evaluations of the applicant’s application and the applicant’s PE score, if applicable.

(4) An applicant that was not selected for funding following the competition as described in paragraph (c)(2) of this section and whose application received a score within the funding band as described in paragraph (d) of this section, may request a second review if the applicant demonstrates that the Department, the Department’s agent, or a peer reviewer made an administrative or scoring error as provided in paragraph (b) of this section.

(5) An applicant whose application was not funded after the first review as described in paragraph (c)(2) of this section and whose application received a score within the funding band as described in paragraph (d) of this section has at least 15 calendar days after receiving notification that its application was not funded in which to submit a written request for a second review in accordance with the instructions and due date provided in the Secretary’s written notification.

(6) An applicant’s written request for a second review must be received by the Department or submitted electronically to a designated e-mail or Web address by the due date and time established by the Secretary.

(7) If the Secretary determines that the Department or the Department’s agent made an administrative error that relates to the PE points awarded, as described in paragraph (b)(2)(i) of this section, the Secretary adjusts the applicant’s PE score to reflect the correct number of PE points. If the adjusted score assigned to the application would have resulted in funding of the application during the competition and the program has funds available, the Secretary funds the application prior to the re-ranking of applications based on the second peer review of applications described in paragraph (c)(9) of this section.

(8) If the Secretary determines that the Department, the Department’s agent or the peer reviewer made an administrative error that relates to the peer reviewers’ score(s), as described in paragraph (b)(2)(ii) of this section, the Secretary adjusts the applicant’s peer reviewers’ score(s) to correct the error. If the adjusted score assigned to the application would have resulted in funding of the application during the competition and the program has funds available, the Secretary funds the application prior to the re-ranking of applications based on the second peer review of applications described in paragraph (c)(9) of this section.

(9) If the Secretary determines that a peer reviewer made a scoring error, as described in paragraph (b)(3) of this section, the Secretary convenes a second panel of peer reviewers in accordance with the requirements in section 402A(c)(8)(C)(iv)(III) of the HEA.

(10) The average of the peer reviewers' scores from the second peer review are used in the second ranking of applications. The average score obtained from the second peer review panel is the final peer reviewer score for the application and will be used even if the second review results in a lower score for the application than that obtained in the initial review.
(11) For applications in the funding band, the Secretary funds these applications in rank order based on adjusted scores and the available funds that have been set aside for the second review of applications.

(d) Process for establishing a funding band. (1) For each competition, the Secretary establishes a funding band for the second review of applications.

(2) The Secretary establishes the funding band for each competition based on the amount of funds the Secretary has set aside for the second review of applications.

(3) The funding band is composed of those applications—

(i) With a rank-order score before the second review that is below the lowest score of applications funded after the first review; and

(ii) That would be funded if the Secretary had 150 percent of the funds that were set aside for the second review of applications for the competition.

(e) Final decision. (1) The Secretary's determination of whether the applicant has met the requirements for a second review and the Secretary's decision on re-scoring of an application are final and not subject to further appeal or challenge.

(2) An application that scored below the established funding band for the competition is not eligible for a second review.

Government Performance and Results Act (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a straightforward statute that requires all federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education has prepared a strategic plan for 2018-2022. This plan reflects the Department’s priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department’s goals, as listed in the plan, are:

**Goal 1: Postsecondary Education, Career and Technical Education, and Adult Education.** Increase college access, affordability, quality, and completion by improving postsecondary education and lifelong learning opportunities for youths and adults.

**Goal 2: Elementary and Secondary Education.** Improve the elementary and secondary education system’s ability to consistently deliver excellent instruction aligned with rigorous academic standards while providing effective support services to close achievement and opportunity gaps, and ensure all students graduate high school college- and career-ready.

**Goal 3: Early Learning.** Improve the health, social-emotional, and cognitive outcomes for all children from birth through 3rd grade, so that all children, particularly those with high needs, are on track for graduating from high school college- and career-ready.

**Goal 4: Equity.** Increase educational opportunities for and reduce discrimination against underserved students so that all students are well-positioned to succeed.

**Goal 5: Continuous Improvement of the U.S. Education System.** Enhance the education system’s ability to continuously improve through better and more widespread use of data, research and evaluation, evidence, transparency, innovation, and technology.

**Goal 6: U.S Department of Education Capacity.** Improve the organizational capacities of the Department to implement this strategic plan.
What are the performance indicators for the Training Program?

The performance indicators for the Training Program are part of the Department’s plan for meeting Goal 1. The Training Program is part of the Federal TRIO Programs. The overarching goal of the Federal TRIO Programs is “to increase the percentage of low-income and first-generation college students who successfully pursue postsecondary education opportunities.”

The performance indicators for the Training Programs are: 1) the cost-effectiveness, based on the number of TRIO project personnel receiving training each year; (2) the percentage of Training participants that, each year, evaluate the training as benefiting them in increasing their qualifications and skills in meeting the needs of disadvantaged students; and (3) the percentage of Training participants that, each year, evaluated the training as benefiting them in increasing their knowledge and understanding of the Federal TRIO Programs.

How does the Department of Education determine whether performance goals have been met?

An applicant that receives a grant award will be required to submit annual performance reports as a condition of the award. The reports will document the extent to which project goals and objectives are met.
This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism—or the distribution of responsibility between localities, States, and the Federal government—by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application Notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number—including suffix letter, if any], U.S. Department of Education, room 7E200, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, DC time) on the closing date indicated in this Notice.

**Important note:** The above address is not the same address as the one to which the applicant submits its completed applications. Do not send applications to the above address.
According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1840-0814. Public reporting burden for this collection of information is estimated to average 15 to 45 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is voluntary. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this individual collection, or if you have comments or concerns regarding the status of your individual form, application or survey, please contact Student Service, Office of Postsecondary Education, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202 directly.
