For the fiscal years 1995-1996 Biennial Evaluation Report, the Planning and Evaluation Service (PES) in the Office of the Under Secretary continued the effort to respond to the requirements of the Government Performance and Results Act of 1993, while improving the technical and editorial quality.

Edward Glassman was again responsible for managing report preparation. Division Directors Valena Plisko, Ricky Takai and Acting Division Director Daniel Goldenberg reviewed all chapters on appropriate programs. All analysts in PES contributed through researching, writing, and revising program chapters. Secretaries Yvonne Briscoe and Angela Clarke typed numerous drafts, while Azalea Saunders maintained the tracking system for report documents and prepared the final camera-ready copy for printing. The Office of Public Affairs and Consultant Priscilla Taylor did the final technical editing. Nancy Rhett coordinated format design and implementation, and Angela Clarke, Brenda Long, and Geneise Cooke did the final formatting. Each program office helped with comments on draft chapters about its own programs. The Budget Service in the Office of the Under Secretary, the Office of the General Counsel, and the Office of Legislation and Congressional Affairs, made valuable corrections in draft materials for the entire report. I thank them all for a job well done.
