ExxonMobil

ExxonMobil Sponsored Building a Presence for Science

- **Original Goal:**
  - One Point-of-Contact for science standards in each school
    - Program developed with National Science Teachers Association
    - Currently in 24 states plus Washington, D.C.

- **Goal now expanded to include:**
  - Professional development for teachers of science
  - Internet program tools and networking

  - Training for almost 1,000 Key Leaders
  - Over 16,300 Points-of-Contact in school buildings

- **Phase II (2001-2003)**
  - State launches nearing completion
  - Training programs underway in all states
